Former Portland Girl Joins Army Nurse Corps Unit

Miss Earline Minor, daughter of John Minor and a June, 1947 graduate of Washington high school here, enlisted in the United States Army Nurse Corps two weeks ago in Seattle.

A childhood desire to be an army nurse and an opportunity for further training prompted Miss Minor to her decision.

Currently a student at the University of Washington, she is at present in the reserves and will be placed on extended active duty upon graduation in January, 1953, with a B. S. degree in Nursing.

Miss Minor made the University honor roll during the fall and winter terms.

She has three sisters, Miss Betty Minor, Mrs. Ruby Crosswhite and Mrs. Patricia Ann Winters here. A brother, John Minor, Jr is living in Berkeley, California.

Burglars Seize Children's Wear

Mrs. Wenonah Hunter, clerk-manager of Charlene's Tot shop on N. Williams avenue, opened the shop Monday to find that \$2000 worth of children's wear had been taken.

According to Mrs. Hunter the rear door had been rammed and the locks tossed aside. When she came to work the door was still open.

From information received from neighbors it is estimated that the burglary took place sometime between 4:30 Sunday and 10:00 Monday morning. Mrs. Hunter was in the shop Sunday shortly before 4:30 p.m.

Someone Calls Shop

The shop's owner Mrs. Etoile Cox, said her daughter Charlene, mentioned that someone called the shop Saturday and inquired about the brands of clothing carried by them.

She said the stolen goods are covered by insurance.

Les Femmes

Lovely Gwendolyn Molden Anxiously Awaits Debut

By Kathryn H. Bogle, Social Editor

A lot of pleasant things are happening to Miss Gwendolyn Molden these days. An eighteenth birthday is due soon (and what girl doesn't look forward to that special birthday?); she will graduate from high school in a few weeks; and she is one of the six young ladies being presented early in June at the June Ball by Les Femmes.

Gwendolyn is the lovely daughter of Mr. and Mrs. Adelbert Molden of 4904 N. Williams avenue. The Moldens have two

other pretty daughters, Charlene, who is also in high school and Adele, who is now Mrs. Louis Boykins.

Sings In Glee Club

Gwendolyn attends Jefferson high school within a few blocks of her home. She has made good grades while in high school and has had time, too, to sing with

GWENDOLYN MOLDEN

the Glee club. Her sweet soprano voice was heard last year with Jefferson's junior choir and this year with the senior choir.

Gwendolyn is also quite accomplished as a pianist, though this year, she has not continued her lessons in piano.

Mention of the Molden family would not be complete without telling of the Molden's Siamese kitten, "Sammee," and their red cocker, "Ragsee," who get along very well with each other. Sammee, according to Gwendolyn, loves to play the piano any afternoon and amuses himself by striking the keys over and over. In fact, Gwendolyn has found that the antics of Sammee and Ragsee have opened another hobby for her. She started taking pictures of her cat and dog as they frolicked out of doors, but now, with her new flash attachment for her camera, she gets some good shots of them playing indoors.

Plans College Work

Mrs. Molden is a member of Les Femmes and is cooperating with their June Ball committee on arrangements for Gwendolyn's presentation, along with her five friends.

Future plans for Miss Molden are centered around sociology and music at college in the fall. College will be Portland State, perhaps, with Lewis and Clark later on.

Weather of Rose City Impresses LA Chiropractor

A visitor in Portland last week was Alphonse Triplett, D. C., a recent graduate of the Los Angeles Chiropractic college. Triplett is interested in opening a chiropractic office and visited the Northwest to see what chiropractic opportunities were open.

Born in Hollandale, Miss., the 29-year-old Triplett took three years of pre-med work at Los Angeles City college before entering chiropractic school.

Came To West Coast

He came to the west coast in '945, settling in Los Angeles, after a tour of the United States. This tour followed a stint in the army and gave Triplett a chance to find himself.

Triplett never planned to be a chiropractor. It came to him all

of a sudden in Los Angeles. While in the army he played the clarinet.

The weather here fooled Triplett. He came here prepared for much rain, but was greeted by sunshine.

Plans Sacramento Stop

He plans to stop in the San Joaquin valley and Sacramento on his way back to Los Angeles and scan the job opportunities.

Triplett, a member of Phi Beta Sigma, Alpha Epsilon chapter, likes Portland's race condition. "Here there is no real Negro district," said Triplett. He even prefers the Portland green to the Los Angeles palm trees.

Jefferson Student Wins Art Award

Seventeen-year-old Miss Dolores Harris, 27 N. E. Ivy street, likes to draw and recently her artful skill won for her a year's scholarship to the Portland Art school.

The award is one of a series given each year by the National Scholastic Art Award throughout the country. Last year she entered the competition and won a gold key.

Work Displayed Here

Miss Harris' portfolio of drawings were on display at the National Scholastic Art Award display at Meier & Frank when it was judged as one of Oregon's best.

This recognition sent her portfolio of drawings to the National display back East where it was again singled out. This time it won for her the art scholarship.

Presently a senior at Jefferson high school, the daughter of Mr. and Mrs. Levi Harris plans to enter art school this fall to take advantage of her scholarship award.

Miss Harris is a native Oregonian and attended Boise elementary school prior to enrolling at Jefferson.

Oh, No! Not Another Burnt Cork

Eddie "Rochester" Anderson was in Portland last week to watch his horse Clue Star strut his stuff at Portland Meadows. From the above photograph it appears that the famed radio character of the Jack Benny show is giving his horse a little advice

on how to run the race. It was the comedian's mount's first gallop on the Portland track, although he has been a winner elsewhere on the coast.

Scholarships Open to All

The recent trend of Negro clubs and organizations to discontinue the practice of giving scholarships to "Negro scholars" is a step in the right direction. Certainly, it is a step toward integration.

There are many who will argue the validity of this move, but the step is a necessary one if Portland is to keep abreast of inter-racial progress and at the same time foster the principles of equality.

It is unquestionable that some of the Negro students have benefited from the scholarships offered, but at the same time, many of these Negro students were in reality only competing against Negroes. The academic scholarships offered to students in Portland public schools should not be offered on a segregated basis.

Negro scholarship committees were finding it increasingly embarrassing to go to high schools and ask for the grades of graduating Negro students. Likewise, high school officials were reluctant in giving out these grades.

There is a new era ahead for America's youth. It is paramount to the advancement of the Negro that his youth be an integral part of this new era. He cannot really qualify for this task ahead unless he competes against the best. Only through this open competition can he gain true stature and individual recognition.

Eventually, Americans must face a free, equal society. This will mean acceptance of all individuals on their own merits. A step in this direction can be taken by the Portland community, a step to discontinue any form of racial segregation. At times this may be a bitter pill to swallow but a little water will ease it down.

We should no longer be interested in Johnny because he is the only Negro in this class with a 2.01 but we should be interested in Johnny because "he rates among the top five students in his class."

You Are A News Source

It is a little rugged at first to give full coverage to our readers. Our news sources just aren't developed to that extent.

In the future we hope to have well-developed news sources. Until we do, however, we would appreciate it if Challenger readers would keep in mind the names of our staff members: Richard Bogle; Miss Joy Brock; Kathryn H. Bogle; Lonnie Harris; and Richard Parker. They are our news gatherers. News items and suggestions reach print through them.

So if there is something wrong with The Challenger or if you have a news item, don't fail to contact a member of our staff. They are willing and able to do the work.

Religion, Intergroup

The Second annual seminar camp on Religion and Intergroup Relations will be held May 16, 17 and 18 according to Saal Lesser, coordinator of the session.

This camp brings together Jewish, Catholic and Protestant young people of all races. Discussion groups center around basic tenets of the three major phases of religion and focuses on the problem of intergroup relations which besets minority groups in our society.

The camp is sponsored by the Arch Diocese of Portland; Anti-Defamation League; B'Nai B'rith; and the Portland Council of Churches.

Discussion group leaders are: Rev. T. A. Feucht, O. P.; Rev. C. C. Calavan; Rabbi Julius J. Nodel; and Mr. Edwin C. Berry.

One of the camp's highlights will be the showing of the film

Camp Dates Set

ONE GOD, which is a beautiful portrayal of religious practices among Protestants, Catholics and Jews in America. Another treat will be a demonstration of the popular **RUMOR CLINIC**. Recreation will be an integral feature of the camp.

'Y' Boys All Set For Camp Trek

It will be "Pioneer Days" for "Y" members at the YMCA Camp Collins come May 24-25.

Included in the anticipated group of 400 boys to visit the camp are three groups from the North Central branch of the YMCA. These groups are the Holladay Gra-Y, with Oliver E. Smith as counselor; Flying Tigers, a Kappa Alpha Psi sponsored group, with Oscar Haynes in charge; and the Torch "Y," sponsored by Alpha Phi Alpha fraternity with Bennie Hamilton as supervisor.

The Torch "Y'ers" are going in a supervisory capacity to act as judges.

In the past, North Central "Y" groups have made it a practice to bring back a trophy, symbolic of camp "superiority."

Age groups are represented by the Gra-Y, 10-11; Junior Hi-Y, 12-14.

There will be fire-building contests, various games and chapel services.

All parents are invited to come to camp Sunday, May 25, according to Hugh Wagner, North Central "Y" director.

Weekly Courier Poll Still Favors Truman

The Pittsburgh Courier's presidential poll keeps rolling right along and Harry Truman is still piling up a substantial lead. Last week's tabulation shows Truman ahead of his nearest opponent, Franklin D. Roosevelt Jr., by 61 votes.

Truman has a total of 71 votes and Roosevelt a total of 10.

Governor Earl Warren of California leads in the Republican poll. He has garnered 28 votes to 11 for Harold Stassen, former governor of Minnesota.

The man from Missouri's lead is a significant one. He has more votes than all the other Democrats combined. Likewise, he has more votes than all the Republicans put together.

The president still maintains he will not run for the Democratic nomination for president. In short, he is through with the White House. If he fails to falter on this stand, it would seem that Negro voters would favor Roosevelt, according to the Courier's poll.

It is still too early to forecast the results of the Courier's poll but an entry certain to bear watching is Illinois' Governor Adlai Stevenson. At any rate, the outspoken Stevenson is Truman's choice for the presidency. And if his record of efforts to gain civil rights legislation in Illinois means anything, he is a

Barnes Makes Record Jump

Challenger's Corner

By Lonnie Harris, Sports Editor

The Portland Beavers have acquired Roy Welmaker, famous San Diego and Hollywood pitcher. He was released by Hollywood with a record of no wins and two losses.

Bob Boyd, the hustling first baseman for Sacramento last year and now with the Seattle Rainiers, has been out of action with leg trouble.

Junior Gilliam, prize second baseman of the Montreal Royals, has hit safely in the first 15 games of the International league season. He is batting a rousing .379. Along with Pendleton, Gilliam helps make up Montreal's fine double-play combination. Shortstopping Pendleton is hitting .365.

Dave Hoskins, pitching for the Dallas Eagles of the Texas league, has compiled a 4-1 record to date. In his first 27 innings, Hoskins has allowed 4 runs scored. He is also an exceptionally good hitter for a pitcher. He has been called on to pinch-hit in several games for the Eagles.

Luis Marquez, former Portland Beavers and Boston Braves outfielder, along with Burton, continues to pace the Milwaukee Brewers in the A.A. Buzz Clarkson was called by their parent club, the Boston Braves. He is a good hitter and plays a lot of shortstop but has two strikes against him and that being his age.

Larry Doby has a brace designed for his leg. The brace fits tightly around the thighs and is held in place by a belt. This is to prevent Doby from being sidelined again with a pulled muscle.

It seems that Billy Pierce of the Chicago White Sox has Luke Easter's number, Easter faced Pierce 16 times in 1950 and failed to get a bingle. On April 25, hitting against Pierce, he also failed to get a hit. Easter was sidelined with a pulled muscle in the last game with the New York Yankees. Cleveland won this game 12-5. Harry Simpson played first base for the Indians in place of the injured Easter. Simpson hit a 440 foot home run inside the park to left-center field.

Minnie Minoso, who plays winter league ball, was told to quit playing ball around the first of the year. The White Sox's general manager, Frank Lane, complains that it is too much for a player. Minoso is currently hitting below his batting par. Incidentally, the Cuban flash is in the current issue of Look magazine. Coast league fans will remember Minoso as the dashing utility man of the San Diego Padres who twice reported to the Cleveland Indians.

The St. Louis Browns has sent two players to a club in Japan on loan. They are John Britton, a third baseman, and James Newberry, a right-hand pitcher. They report to the Hankyu Braves of the Japanese Pacific league, 300 miles from Tokyo. Abe Saperstein, owner-coach of the famed Harlem Globetrotters, made the arrangements.

Newberry trained at the Browns' camp in Georgia. Britton played with the Giants at Miami, Birmingham Black Barons and in Mexico and Puerto Rico.

Walter O'Malley, the Dodger boss, says that he would rather have Roy Campanella than any other catcher in the majors, including the Yanks' Yogi Berra, even if he does have a chip in his elbow. He rates Campanella the best catcher in baseball today. (Who can argue that point?)

Sam Jethroe finally broke his hitless spree at 14 with a single against Robin Roberts of the Phillies April 26. In his last appearance in the same game he connected for another single.

Jackie Robinson continues to set the pace for each league with a .433 average. Chuck Dressen considers Robbie the greatest two-bagger in the majors. Robinson's old nemesis, Frank Dascoli, has again singled him out among Dodger players as one that used profane language. This latest taunt at Robinson came following the banishment of pitcher Chris Van Cuyk by Dascoli in Cincinnati. A warning in the form of a letter said that the National league's president, Warren Giles, heard vile language from the Dodger bench personally and that Jackie Robinson was the worst offender.

Robinson has reportedly told Giles that he never used profane language. Funny that this same umpire, Dascoli, seems to single Robinson out as a bad one every time there is a "Dodger incident." Could it be that the hustling Robinson is too much for this guy to take?

Prediction

Magazine Gives Olympic Victors

The July edition of See magazine will predict Olympic winners for this summer's international track affair in Helsinki, Finland.

See thinks Northwestern's new sensation and national champion, Jim Golliday, Andy Sanfield and Art Bragg sure-fire triumphs in the 100 and 200 meters.

Says See: "George Rhoden seems a certainty at 400 meters, with Herb McKinley challenging strong. At 800 meters Olympic champion Mal Whitfield could repeat."

The magazine sees a possible victor for Arizona State's Bill Miller in the javelin. Last year he threw 233 feet, 10½ inches.

'Cook Comet' Top Point Producer

Lewis and Clark's comet, Cal-ey Cook, ran away with individual scoring honors Saturday in a track meet with Willamette university. The dashing Cook scooted his way to 18 points only to have his school come second to the powerful Bearcat squad, 69½ to 61½.

Cook took firsts in the century, low hurdles and broad jump. He was second in the high hurdles.

IN his romp over the low hurdles, Cook set a new meet record in :24.6.

In local prep circles, Lincoln's Ernie Warren qualified in three events in his quest for Cardinal honors in the state track meet.

The versatile Warren took the high hurdles, managed a first place tie with Roosevelt's Lyle Wagoner in the pole vault and finished second in the low hurdles.

LAST year he set a city prep record of :15 flat in the lows and was instrumental in guiding Lincoln to a track toga that year.

This year's state meet will be held at Bell field in Corvallis.

"Congrats — Success"

Leap Sets New Mark For Bell Oval Track

An ex-Jefferson high jumper, Emery Barnes, leaped a mighty 6 feet, 8 inches Saturday in Corvallis to set a new Oregon-Oregon State high jump record on Bell field's oval. Barnes' jump was by far the best of his track career.

THE old record of 6 feet 5 3/8 inches was set in 1940 by State's Ed Woodcock.

The lanky Barnes bettered by 4 inches his previous high mark of 6 feet, 4 inches. His efforts Saturday placed him among the favorites to win high jump laurels when the PC conference holds its track meet in Eugene May 23-24.

BARNES still holds Portland's prep record of 6 feet, 2 inches.

Down California way, UCLA's jumping George Brown set a new Fresno relay broad jump mark of 26 feet, 3¼ inches. It was the third best jump in world history. Only leaps by record-holder Jessie Owen (26 feet, 8¼ inches) and Willie Steele outshine Brown's efforts.

OLLIE MATSON, the University of San Francisco football star, raced to a 9.6 in the 100 in the same meet.

Walter Davis of Texas A & M high jumped 6 feet, 11½ inches in the Southwest Conference track meet Saturday but a heart-breaking technicality knocked the leap down to 6 feet, 10½ inches.

If Davis' jump has been accepted, it would have meant a new world's record in that event, eclipsing the old mark of 6 feet, 11 inches held by Les Steers of Oregon.
