### Mission

- Last sentence is not true
- Language needs to be stronger than “offer”
- Access v. outcome/completion – do we need to reassess how we think of our role?
- “Opportunity” is missing
- “Collaborative learning” is too limiting
- How can we convey that we are in the heart of the city?
- This statement is very similar to the “vision”

Bucker: The geographical designation of “Portland” or “Oregon” is too limiting for the work I do in recruiting students. I won’t use this language because of that.
