People Versus the City

The National Urban League opens its 57th Annual Conference on August 20, in Portland, Oregon. Speakers, panelists, and workshops will deal with the Conference theme: "People vs. The City Challenge and Opportunity." Meetings will continue through August 24.

The League meets in the wake of the worst spell of racial violence in decades. Much attention will be devoted to dis­­cussion of the causes of the riots and proposals for radical changes in urban ghettoes.

Whitney M. Young Jr., the leagues national executive director, will deliver the keynote address at the opening meeting. He will announce the leagues national program which the League will undertake: one in veteran affairs; and the other in mobilizing resources within the religious community to launch a frontal attack against racial injustices. Lindsay F. Kimball, National President, will provide at many of the meet­­ings. Other major and speakers will include U.S. Senator Edward W. Brooke, (D-Mass), Erna H. Poston, President, New York State Civil Service Commission, and Courtlandt S. Gross, Director and Chairman Finance Committee; Lockheed Aircraft Corporation.

About 1,200 delegates from the League 83 affiliates, includes business, labor, churches, government, and civic lead­­ers will attend the four-day meeting.

The conference working sessions will be devoted to an analysis of the current racial situation and the present at­­titude of efforts to close the racial gap. League statistiques to be released at the conference show that the economic and social position of Negro citizens is actually worsening in relation to the white population.

The plenary sessions will hear analyses of the current scene by Dr. Hyland W. Lewis, Howard U. Professor of Socio­­logy, and Charles E. Silberman, Director, the Carnegie Study of the Education of the Educators, (Life T. Carter, Jr., Assistant Director and U.S. Department of Health, Education and Welfare and Kenneth L. Meinen, Vice President Personnel, Amer­­ican Airlines).

Four major questions will be posed to the Monday and Tuesday workshops which will form the Conference's working ses­sions:

1. What needs to be done in local communities to improve the conditions of Negroes and other minorities?
2. Who are the people who can make the decisions to do something about changes which need to be made?
3. Why don't they make the decisions?
4. What can be done to help the right people make the deci­sions?

Answers to these questions will form the basis for positive action to move local power structures to attack pherto prob­­lem. By identifyingd problem areas and the people who can solve them, and then developing plans to get action, the League hopes to achieve major changes in the cities.

In addition to developing strategies for change on the local level, the Conference will hear major proposals for na­­tional action to end the underlying causes of the riots.

Good Lima Bean Dish

Among all the delights possible in Lima beans, here's one that makes appeal to your choice over range of dishes that go in the bag. Though the beans are more familiar in Chinese cuisine, Americans love them too.

Lima BEAN CASSEOLE

1 package (10 ounces) frozen Lima beans
1/4 pound mushrooms
2 tablespoons butter
1 cup chopped onion
1 cup finely shredded cabbage
2 teaspoons salt
1 teaspoon paprika
2 tablespoons grated Parmesan cheese

Drain mushrooms and cool in butter with chopped onion until soft. Add cabbage, salt and any excess from Limas and mix thoroughly. Sprinkle grated Parmesan cheese over the top and bake in a moderate oven (350 degrees) for 15 to 20 minutes or until heated through. Makes 6 servings.
