Honey, I'm really living!

I could hardly wait to get home...

And do you know something else? I think you're wonderful! Only the smartest little old wife in the world would have known the REAL way to a man's heart.

If everyone had a wife like you—and a Contour Chair-Lounge to come home as a discontinued husband!

See How You Save with a Contour!

To save money is uppermost in everyone's mind.

Would you believe that for little more than 5 cents a day you can make a sound investment in your future well-being? It's true—a Contour Chair-Lounge costs LESS than a good club chair and ottoman. And... you get MORE for your money... in comfort, in durability, in superior design.

SAVES SPACE. The genuine Contour Chair-Lounge provides a hundred times the comfort in two-thirds the space required for an ordinary easy chair and hassock. It can be placed as far away as a corner, because even in the reclining position, the swinging mechanism—moving smoothly on ball bearings—produces no extension of the actual overall measurement.

SAVES WORK. Someone's always coming up with a new way to save homemaking effort. But no one's ever found anything more simple than recovering under a Contour Chair-Lounge! It's so much easier than having to move a heavy davenport or club chair! And... perhaps has been but just as important... a few minutes spent relaxing in a Contour Chair-Lounge will revive your energy so that even the most exhausting chores can be accomplished with much less effort.

The dream of every man—after a nerve-racking day at the office—is to come home to a relaxed and smiling wife. And a woman quite reasonably expects her husband to save a little energy and warm companionship for herself and their children. THERE IS NO BETTER WAY TO RESTORE ENERGY AND PRESERVE COMPOSURE AND BEAUTY THAN TO RELAX IN A CONTOUR CHAIR-LOUNGE! (Your local dealer will be pleased to give you full information regarding budget terms.)

Urban League Rolls On

Portland's Urban League deserves much credit for the energetic and hard work it has done in bringing to our city a plane of integrated living that has won the recognition of the entire country. Without a doubt Portland's Urban League branch has the qualified, competent leadership that the entire city can point to with pride.

Look at the honors won by our local league delegates at the national Urban League convention held in Cleveland recently. Their capable leadership won the plaudits of the their fellow Urban League colleagues on the map as being one of the most active and advanced cities in the field of race relations of any city its size in America.

The far-sightedness of Edwin C. Berry, E. Sheldon Hill, John H. Holley and Mark A. Smith is to be commended. Here are leaders who realize the value of human rights. Men who realize that human rights exist prior to and independent of constitution and laws.

The Urban League of Portland has taken the stand that human rights are natural rights of mankind, and rightly so. Portland is beginning to realize, broad-minded thinking of free-minded men can we obtain the ultimate desire and true end of American democracy.

The Portland branch recognizes the fact that we can't have forms of segregation existing among the populace, conditions which the American people has been accustomed to.

It is with these thoughts in mind that they have gone ahead liberally and fought to obtain and maintain a decent living for living for segregated groups in the city, broadening their experiences here so that they may prove beneficial to the nation as a whole.

Men like Peter Gantenbein, Lawson McCaill and Abe Cohn, to name a few, have all been instrumental in advancing integration as the only means to peaceful living among men of different color.

The Urban League is doing its job, and doing it well; membership to this organization is another step forward in cementing real American democracy.

Citizens Otherwise

Just about anywhere the potential voter goes today he's apt to see advertisements in one form or another reminding him to register. These little forget-me-nots may take the form of magazine articles, car posters, hand bills or even editorials. Regardless of this, however, it looks as though about two-fifths of the potential voters are still going to forget.

Feist Mothers Keeps As Member of PTA Council

Holding an interesting office in the Portland Council of Parent Teacher Association is Mrs. Ada D. Crockett, who is a mother of three girls and two boys. Mrs. Crockett was elected Alpha Delta Phi sorority at the University of California at Los Angeles.

Each of these six members-at-large is assigned to one of the twelve grade levels of the Council. Her duties are to assist that vice-president by keeping up to date on parent organization and problems of PTA's in so many different areas, to make sure that they are held to the highest standards, to advise them of the latest developments in council affairs.

Mrs. Crockett is an assistant to Mrs. J. J. Guard. During their first years, both mother and daughter have been contacting officers of the PTA in the 14 schools whose names in alphabetical order are from Rigler school through Woodstock.

The old Cinderella man of modern day boxing couldn't quite make the grade against the relentless attack of the youthful and crowd-pleasing Joe Black. Work from New York, N.Y., has broken Broadway at Williams Ave., as he is a long-time resident of the area. The former home of the late Joe Walcott put on a show that will linger in the minds of those who saw the fight for some time to come.

It was rather sad to see the oldtimer go down, but the victory of the now proven new champ is going to do more for the heavyweight game than anything since the advent of the sharp-punching Joe Louis way back in the middle thirties. Heavy-hitting Marciano is just the guy to add new color to boxing and revives the close competition that Louis so completely wiped out.
