ANNOUNCEMENT EXTRAORDINARY — OPENING SOON — RUTH WHITMAN SCHOOL OF BEAUTY CULTURE — ONLY ONE OF ITS KIND IN THE STATE OF WASHINGTON!

Have You Got A Chip on Your Shoulder?
From Mayor Devlin
Mr. Devlin, Editor:

Three years ago, I asked you to permit me to express my appreciation to the Washington State Legislature for the passage of the legislation permitting the establishment of a beauty school. At that time, a number of women were employed in the beauty field who, through lack of proper training, were unable to offer the best service possible to their customers. The training which they received was often inadequate and the employees were not properly supervised.

This has led to the establishment of a number of beauty schools in the state, and I am pleased to report that the demand for trained and properly supervised personnel in the beauty field has increased.

I am writing to express my appreciation to the members of the Washington State Legislature for their cooperation and support in the establishment of beauty schools. I am confident that the training received by these schools will result in a higher level of service to the public.

Sincerely yours,

Mayor Devlin

Charles H. Stokes
Active Republican

Mr. Devlin, I am writing to express my appreciation to the Washington State Legislature for the passage of the legislation permitting the establishment of a beauty school. At that time, a number of women were employed in the beauty field who, through lack of proper training, were unable to offer the best service possible to their customers. The training which they received was often inadequate and the employees were not properly supervised.

This has led to the establishment of a number of beauty schools in the state, and I am pleased to report that the demand for trained and properly supervised personnel in the beauty field has increased.

I am writing to express my appreciation to the members of the Washington State Legislature for their cooperation and support in the establishment of beauty schools. I am confident that the training received by these schools will result in a higher level of service to the public.
