CROWD GREETS ACTOR

Harlem Crowd Questions Actor

During the taping of "THE MERV GRIFFIN SHOW" in Harlem, youngsters gathered around Bert Larrance and told him some of the problems they face every day in the ghetto — and some of their dreams which could be realized as the result of Mayor Lindsay's "Give A Dam" campaign, organized to help youngpersons in these poor neighborhoods.

"Set Example" Says Governor

"God Bless America," said Governor "I feel it is a good thing to do, even if another should do it, too. And I understand it is a chance to change the world. The idea is to erase black discrimination.

The governor said the rally was a good idea. It's a chance to bring people together. He said there needs to be more meetings of this type.

The governor said that they are trying to establish a certain meeting place so that the people know where to go without finding out where to go. He has in mind the east side of Portland.

One of the interested Portlanders said that the meeting place had potential, but it could have been better. "He said there should have been bigger names.

So many people sit at home discussing matters but never get out and try to help.

Surely this must be a concern for the police and the city authorities. When one takes note of the letter written by Joyce James, the question again arises as to why all the extreme measures in dealing with a couple of young fellows.

Do the police have a hang-up in believing that all teenagers are just a bunch of hoodlums? Do they associate teens with a chip on their shoulder? Do we all really see the black youth through a different set of glasses? This truly isn't an unreasonable question but forthright. The police saw the black person as someone to subdue and put in his place. No one even came forward to blame the police worked hard to keep the black person there. It is hoped that most of these questions will be resolved forthwith. It is hoped that the policemen in Portland are different from those in other cities where so much hatred for the police system.

Someone may criticize the quality of journalism, but the Oregon Advance/TIMES tries to fit traditional newspapers. We have a people to support. We provide a media for the people to get around to the hearth and home, not as interested in the anxiety of a few who think that such letters will cause ill feeling as we are in the way people in the black community and throughout Portland are treated by the peace officers.' It would be foolish to relegate the police to its rightful role in society, the role of making peace and recon­ ciliation. We have a responsibility at work to destroy the very society that gave them birth.

Dear Novie,

Three weeks ago I came face to face with a bad problem. I would like to tell you how I'm going to solve it.

I've been dating a boy whom I'll call Joe. We've been dating for three months, but we weren't getting together, so I started dating another man at college if I intended to play on the basketball team, Verdall can't play sports all of his life. It is a degree in education and social work only a little bit? I answered "ridiculous!" The magazine was awarded a first team All-Star hon­ ors. Verdall Adams, the featured athlete of the week, comes from the Albina neighborhood, and one brother. Verdall participated in football, basketball, and baseball. His achievements were third team All-Washington County, first team All-state baseball, and first team All-City baseball.

In addition to tracing his athletic career, we will also trace Verdall's career as cause the older kids would be playing in the school yard. Jokingly he reflects on how Gary Ladd would react. Verdall encouraged both teams, and the results showed as Ladd started Verdall to playing baseball.

As a senior, he performed consistently and in college was the Most Valuable Player in the team. The Oregon Advance/TIMES goes to press weekly to serve residents of the United States. However, things under understanding of the race problem at Jeff. His immediate reaction was that although it was an interracial school - School segregation existed. For exam­ ple, last year they had several student panel discus­ sions on "How to create better communication between races." Verdall thought the main pur­ pose of this type of discussion was to talk around the problem instead of offering con­ cerns. He offered another example which clearly shows a lack of trust and under­ standing of the student body occurred during the student body elections when Verdall ran for President. Verdall Adams was the new President.

Though Verdall Adams had a lot of money, he was only critical of the school system. The only criticism he has about the Jefferson teachers is that they are not the best. He also says that in his classes there is only one criticism he has about the Portland system. The only criticism he has about the Portland system is that he feels that it is not working.

Dear Novie,

If a professional career was different from those in other cities where so much hatred for the police system.

A CINDY MAN

Mr. John Hartley said yes. Such a station could provide communication on the many activities taking place in the black community, it will help the race to get acquainted. Angie Roland stated that he was in the same bag. Black things for black people.

Nickerson said that in 526 N.E. Alberta gave her opinion of why we need a "black radio station." She feels that we are supposed to be equal but we are not, they have a black station in Seattle and California, but Portland hasn't say, except for one hour every Sunday when they have "Candy Man" but how long did it stay on?

And that was last summer. So she feels that "black people are qualified to have a station just like KISN. All we need is a chance to prove ourselves, but it seems to me that the 'whites' are afraid to give us a chance, maybe because they feel that we might become superior to them."

Mr. K, Cook, government worker, stated that a black station is really a must providing that it does have white sponsorship as well as black. He also feels that the black can and will support such a station, as well as the white.

The black man should be able to listen to music from his culture as well. Seattle, California and even your Southern States all have black stations. Portland should not be that far behind.

By the time Portland receives black music all of the other stations have already had months in advance.

I talked to about 50 people concerning black radio, most of them black people. I have yet to talk to someone who disapproves. Of course I believe that most of the people who have their ads in the Advance Times would not mind sponsoring the black radio.

"A station just like 'KISN.'

So she feels that it depends on what kind of thing it would make us feel real nice, With this type of thing it would make us feel like we were a part of the community.

Dirt you know that there exists in the N.E. section of Portland, a Track and Field Club that has been in existence since the spring of 1950. They are called the Roadrunners. They have attended various track and field meets throughout the Northwest. The Roadrunners have had a great deal of success and still managed to have fun all the way from Seattle in the past.

The Roadrunners are transported to various meets by bus. The various stops are located: Mar­ton Luther King Elementary Center, Ruben Boise Ele­mentary Center, Buckman Elementary Center, and Jef­ferson High School. The bus leaves around 5 p.m. and the athletes arrive at the various meets within an hour. They perform in their various events and return at 10:30 p.m. The average Roadrunner is usually heavily laden with first-place ribbons indicating his placing and his had a very gratifying experience of competing against some of the best competition that exists.

The Roadrunners have had unrivaled dependability for the last 12 years. This is due to the careful selection of components and quality control in all phases of assembly. This means that your Zenith TV will give you that comfortable, money-in-the-bank feeling.

Tax Information

Many businesses overlook taxes for one of two reasons: some cannot afford top flight professional tax help and others, overpayment is a result of working from incomplete, unorganized business records.

There is a way to overcome both of these obstacles, and save important tax dollars as a result. Subscribe to General Business Systems in your area, cost is moderate.

This column will be aimed at the small businesses in our area. Every week it will discuss a different topic that might be of help to the small business.

The Oregon Advance Times is asking persons in the community to phone or bring in all news that you wish printed in the paper.

The FHA has a Housing Counseling Service which is available to everyone Monday through Friday, 8:30 a.m. to 5:00 p.m. The location is 99 N. E., 6th Avenue, telephone 296-5846.

Q-1: Where can I get more information about purchasing or renting a home or home improvement?

Answer: The FHA has a Housing Counseling Service which is available to everyone Monday through Friday, 8:30 a.m. to 5:00 p.m. at the FHA Office, 520 S. W., 6th Avenue (Cascade Building), telephone 235-3561, extensions 1949 or 1950. In addition, there are those for whom it is not convenient to come to our office, the FHA has a representative in the field as follows:

Q-2: I am elderly and am receiving welfare assistance from the Multnomah County Public Welfare Commission. Can I get assistance in finding decent housing?

Answer: The FHA has a Rent Supplement Program which assists by paying a portion of the rent in Rent Supplement projects for eligible tenants. The Housing Authority of Portland also has a leased housing program which also provides rental assistance to eligible families.

Q-3: Can a single person buy a home?

Answer: Yes. FHA insured loans are available to single persons as well as families.

Q-4: I have had problems paying my bills and once went through bankruptcy. Would it be possible for me to get an insured FHA loan?

Answer: Yes. The fact that you once went through bankruptcy does not necessarily mean that you are now disqualified for an FHA loan. If, after a reasonable length of time you have re-established your credit, and are paying your bills on time, you may be eligible for an FHA insured loan. We would be glad to discuss with anyone the steps necessary to get his credit re-established.

Q-5: What are the general requirements for income and credit in order to be eligible for an insured loan?

Answer: Have a steady job, be paying your bills on time, and show the ability to make the required monthly housing payments regularly.

Q-6: What will it cost me to monthly payments to buy an $8,000 house?

Answer: For a 30-year mortgage, the approximate monthly payments will be as follows:

- Principal & Interest: $51.92
- Insurance Premium: 3.31
- Taxes: 13.00

Total Monthly Payment: $81.23

In addition, monthly costs for maintenance and repairs would be $6.00, and heat and utilities would average $30.00. Q-7: How do you get the FHA to appraise your home?

Answer: You can apply for an appraisal to any bank, mortgage company, or appraisal firm which is approved to make insured loans and handle applications for appraisals. You pay a fee of $30.00 to the lender, who in turn pays the FHA.

Q-8: We are a young couple with two small children and are planning to buy a house. When we apply for a home loan, can I count my wife's income as a teacher as part of our total family income?

Answer: Yes, if she plans to continue working. Today most lenders recognize that young couples jointly work to afford better housing, to send their children to college, and to acquire other things families need.

Q-9: I am 68 years old and would like to finance my home with a loan insured by the FHA. The problem is that I don't have the cash required for the down payment. Can I get the amount needed for this?

Answer: Yes. Under FHA regulations, a person 62 years of age or older may borrow funds to make a down payment and prepaid items from an individual or corporation approved by the FHA. If the purchaser signs a note to repay the loan, the interest rate on the note cannot exceed the FHA mortgage rate.

Q-10: I am buying a home, what does the term "sweat equity" mean?

Answer: In financing a home, sweat equity is the value of the labor performed by the buyer which is used as a part of the down payment toward the purchase of his home.
Youngsters
Enjoy Pool At
Lake Oswego
Young people from the Albina Youth Action Center have been living it up in Lake Oswego. This is made possible by the Coffel family who offered their swimming pool to the youngsters.

Jim Murray, group work supervisor at the Youth Action Center, located at 55 N. Skidmore, takes a group of young people to Lake Oswego every week. There they have an Olympic Pool which can be used.

Mayor Caffel stated that the pool was built for commercial use, however, they will let city officials give them the legal okay, Mayor Lindsay, James Knight and the Pips, Spanky and Our Gang, and Willie "ELDORADOS." In my opinion, I bet thousands turned out to see Merv and his special guests: Knott Street says they can't afford to use the pool immediately for commercial purposes, she called and offered it to the Y, A.C., free of charge.

**Army Recruiter Re-ups**

Staff Sergeant Harvie D. Davis, newly assigned Portland Army recruiter, re-presented the Army Office of Enlistment for his fourth time last Saturday (July 20), this time enlisting for a 6-year span.

A 12-year Army veteran, Sgt. Davis said he chose the 6-year enlistment because he plans to complete his 20-year career. He came to Portland July 1, from Ft. Lewis, Washington, where he was an Army Recruiter and Supervisor with Company C, 116th Infantry, 35th Division, Battery, and his wife Mary and their three-year-old child will join him in Portland when arrangements for living quarters are made. Sergeant Davis, says his permanent home is at 3315 Sammy Avenue, Dallas, Texas. His mother, Mrs. John E. Davis, currently lives at 2423 Moonlight Avenue, Dallas.

**Program Expanding**

Things are moving at the C-CAP's summer project at Highland Church at 9th and Going. About a month ago (June 17) the project began when young people from all over Portland charged on the Highland Center with things and supplies. Entertainment was provided by the community.

In the following weeks the staff was able to procure a variety of supplies from businesses around the city, which enabled them to extend their services and broaden the scope of their project to the community. Some of the items included books, blankets, kindergarten supplies, household items, clothing, and a variety of other supplies.

A second space occupied by Life Center was a small place on the corner of Beech and Monroe. This space was overflowed.

**Volunteer Work**

The first space occupied by Life Center was a small place on the corner of Beech and Williams. Next it was moved to Fremont and Union. The present address is 321 S.E. Russell Street. The phone number is 284-6878.

Word of the Life Center has spread, and volunteers are now very much needed.
