Rarest of Orchids to a Splendid Couple
October 4, 1944

The Northwest Enterprise salutes the "Fulfillment," Mr. and Mrs. Eugene Brodick, on their wedding anniversary. We wish for you that the years which follow when two hearts become one, when "home" is a shelter not a cot, when the morning laughs at you, and the evening with a "smile," when no one is ever alone, when the "world" is only a plural for you, when the "sun" will not rise alone, when the "life" will be long and full of the "sweetness" of love, and the "tomorrow" will be better than the "yesterday" when two hearts become one, "home" is a shelter not a cot, and the "world" is only a plural for you. A joyous anniversary to Mr. and Mrs. Brodick, and all of their friends and family.

Finding it "necessary to oppose" a referendum on a public utility, the electrical workers' union has announced its position.

The referendum, which would amend the city's electrical code, is opposed by the union because it would lead to higher costs for consumers. The union has stated that the referendum is "an attempt to undermine the electrical code and to raise the cost of electricity for consumers."

THE WAR TERROR AND ELECTING law provides that MEMBERS OF THE ARMED FORCES DO NOT HAVE TO REGISTER TO VOTE IN ORDER TO CAST THE ARMY VOTERS' BALLOT. The affidavit they sign states that they are considered for registration for that election. However, the state constitutional requirements as to age and residence must be recognized. Every person (either in the service or civilian) voting the State of Washington ballot must be at least 21 years of age on the day of the election (November 7th, 1944), and must have resided in the state one year, county ninety days and city or precinct 30 days. For War voters this residence time permits entering military service.

The "War Terror and Electing" law was passed for the benefit of all members of the armed forces wherever they may be. These include WACs, WAVES, WACS, WENDOS REDUCED STEAM, REDUCED APARTMENTS, REDUCED DRUGS, REDUCED PICTURES, REDUCED STORES, etc.

Any officer or member of a crew of a merchant vessel connected under the laws of the United States and serving outside the territorial limits of the United States, or any person located in another country, or any person located in the United States who is a member of the armed forces of any nation not at war with the United States, and who is a resident of the United States, may vote at the polls and vote in the regular way.

**THE POLITICAL ARENA**

Politically minded—From East to West, from North to South, politics is more particularly in the air today than ever before. It should be clear to everyone that no real political party should be considered as effective in its efforts to carry a candidate for any office. Those are being carried on the argument that the direction of the country is more important than the direction of the individualist.
