#### REPUBLICAN WORDS LIKE THESE

By ATTY. C. M. STOKES

It is not always fair to quote a man's words long years after they were spoken for the reason that oftentimes a change in circumstances would lead one to take a different position on a particular subject at a later date. However, I think those persons who aspire to the high office of the presidency of the United States have a greater duty devolved upon them to speak carefully because of the immense weight which the people of the United States give to their utterances.

Some of the statements of this administration during their long tenure of office point the way in which they intend to proceed. You will recall that in the early years of the administration the President boasted that the things which had occurred while he occupied the White House chair did not just occur by happenstance and he took full credit by saying: "We planned it that way." At another time he said, "They have met their master"; again, "I hate war!"; later, "I have said before and I will say again and again and again, 'Your sons will not fight on foreign soil, unless attacked.'" Isn't it fair to assume, in the light of subsequent events, at the time of making the last utterance the President knew or had reason to know or should have known that we would be attacked? All of these words show the apparent ease with which the President speaks to serve his own ends. It is not any cause for wonder then that Governor Dewey is enabled to campaign on a promise to restore honesty and integrity to the White House.

The Democrats of the last 12 years have relegated to the limbo of forgotten things: the Declaration of Independence, the Constitution of the United States, and the Ten Commandments. It will be the duty of all true America loving peoples to, this November 7, reach into the ash can where the New Dealers have thrown these noble documents, take therefrom the Declaration of Independence, the Constitution of the United States, and the Ten Commandments, dust them off, place them upon the mantle, turn on the home fires with their cheerful glow of peace, prosperity and preparedness, and march

"IT IS MY DUTY to point out to the people of Washington that there is in our State, as in many others throughout the nation, a well camouflaged force which, if not clearly identified for what it actually is, has power to thwart the efforts we have made so diligently to meet the demands of good government and a successful conversion to Peace when war is won."

Dr. Charles Hamilton Houston of Washington, D. C., associate attorney with Judge William H. Hastie, will speak Sunday at 3 p. m. at the A. M. E. Zion church, 23rd and East Olive streets. Dr. Houston has two law degrees from Harvard University, is a member of Phi Beta Kappa and for a year attended the University of Madrid.

For nine years Dr. Houston served as a special counselor for

the NAACP and for five years was a member of the National legal committee of that organization. He served one term on the Board of Education of the District of Columbia.

Since 1940 he has served on the executive committee of the National Federation for Constitutional Liberties, general counsel Association of Colored Railway Trainmen and Locomotive Firemen and International Association of Railway Employees.

At present Dr. Houston as a member of the National Bar Association, the President's Committee on Fair Employment Practice and the American Council on Race Relations.

A man of such attainments should be welcomed by an overflow meeting next Sunday at the A. M. E. Zion Church. Dr. Houston will speak on "The Negro Faces the Peace." A little thought on this subject will suggest its great importance. To face the period of peace following the war will require all the wisdom and courage we can command.

### MISS HUNTER TO AID WOMEN'S DIVISION G. O. P.

NEW YORK—Republican National Committee Chairman Herbert Brownell, Jr., announced that he had drafted Miss Jane E. Hunter of Cleveland, Ohio, as Assistant Director of Women's Activities, to work with Miss Marion E. Martin, chairman of the Women's Division.

Miss Hunter is recognized as one of the ablest leaders of her race, having established the Phillis Wheatley Association in Ohio. She is also president of the Ohio State Federation of Colored Women's Clubs, and a member of the executive committee of the powerful National Association of Colored Women.

Miss Hunter, at her office in the National Headquarters in the Hotel Roosevelt, said: "I have come here in answer to your call and you cannot pay me for any service I can render, because I believe it is our duty, all of us, to rescue our country in this crisis in national as well as racial affairs. I was content to carry on as a Republican in my own state as I have for many years. But, when I learned of the brutal mistreatment of our boys in the armed services who are fighting for world freedom—with not a word of protest from President Roosevelt, the Commander-in-Chief—I decided to accept the command to do what I can in this larger way. The mothers, wives, sisters and sweethearts of our fighting men must vote to give them an equal chance. All

### WHY I AM FOR THOMAS E. DEWEY

By E. R. CHAINNEY,  
President King County Colored Republican Club.

For the first time since emancipation has the Negro vote been appreciated as now. For the first time in 12 years have we faced the political horizon draped in a clear blue sky. For the first time in America,

are Negroes distinctly on their own. We have hitherto been

faced by a courtier of public men, Democrats and Republicans, who presume to "Know the Negro."

Negroes with one accord unhesitatingly form a dislike for each. Such usually are the least informed. We have the same opinion of Race men, placed in high government positions who usually give up lip service. None of us are today so ignorant as not to be able to distinguish wheat from the chaff.

Negroes know too well that in politics you must give something in order to get something. We also know if we ever hope to avail ourselves of the fruits of victory we must also contribute in order to share the results of victory.

"We want our friends to stand apart from the surging crowd. We must know them by their acts and deeds. In other words, 'show me.'"

#### WHY I AM FOR DEWEY:

When men are elected to office they usually feel when they have placed Negroes in jobs as janitors, chauffeurs, handy men and

### WOMEN WANTED FOR MEDICAL DEPT.

The Surgeon General of the Army has asked all Veterans of Foreign Wars posts and Auxiliaries to work night and day in an effort to enlist women for the Medical Department, so that proper care can be given to the returning wounded veterans.

There isn't a single community in this country that hasn't been, or isn't going to be, represented on the national casualty list, said Mrs. Martha Davis, president, Ladies Auxiliary, Post 289.

We, as leaders in the community, naturally want to leave no stone unturned to get as many of our wounded back home as fast as possible—and in the best possible shape.

This can't be done without some help. YOUR help. Everybody's help. And, especially the help of the women of this community, said Mrs. Davis.

The Ladies Auxiliary of Lewis Ford Post has launched a program to make immediate contact with all eligible FEMALES in the community who are interested in medical or hospital work.

Doubtless there are many in the community who have no idea of how much good they can do. And where they can do it. But just sitting and waiting for the wounded to recover isn't going to do the job.

Booklets, "Facts About WACS" are being distributed by the auxiliary so that all interested persons will be properly informed on the Women's Army Corps. The need for WACS is urgent, very urgent, if we are to successfully help those wounded and disabled returning boys.

On Thursday evening, October 19, at 9 p. m., a 22 minute picture entitled, "To the Ladies," will be shown at the Third and Madison USO. This is a picture you should see. Short talks and a reception hour will follow. It's NOW or NEVER for a lot of broken boys. CAMPAIGN CLOSES October 31, 1944. AGE LIMIT: 20 to 49 years of age. QUALIFICATIONS: Single or married with no children under 14 years old. Must be able to pass physical examination. Should be interested in medical or hospital work.

### HAPPY BIRTHDAY TO YOU MRS. JULIA SMITH

Following a serenade "Happy Birthday to You," Mrs. Julia Smith, mother of Mrs. Marie Taylor, owner of the Eagle Hotel,

under escort of her daughter and son-in-law, Mr. Chas. M. Taylor, and intimate friends, was conducted to a beautifully decorated dining room, the guest of honor at a dinner celebrating her natal day.

The candle-decked cake turned time back to her girlhood days and a life well spent. Nobody believed she stood on the threshold of her 80th birthday, October 12.

Mrs. Katie Ross, a niece, and her son, Mr. L. B. Harrison of New York, now of 814 24th Ave. So., Seattle, Mrs. D. J. Turner of Boley, Okla., sister of Chas. Taylor, Mr. Bennie Harper and other friends joined in honoring the happy matron.

### MAYOR DEVIN WARNS AGAINST RACE PREJUDICE

Mayor William F. Devin today warned Seattle citizens that attacks upon "individuals or groups on the grounds of race, color, re-

ligion or national origin" have no place in the American political scene.

The mayor gave no specific reason for necessity of the warning, here.

In a prepared statement, released in the midst of a turbulent political campaign, the mayor said:

"At this critical time in the history of our nation, and in the midst of a presidential campaign, let us reaffirm our determination to see that all Americans, regardless of national origin, race or religion, shall enjoy the full blessings and equal political and economic opportunities guaranteed by the Constitution of the United States and its Bill of Rights.

I appeal to the citizens of this American community to refrain from the use, circulation or repetition of scurrilous and defamatory statements, documents or literature attacking individuals or groups on the grounds of race, color, religion or national origin. There is no place in the American political scene for divisive or subversive forces. Those are the practices of our enemies.

"I call upon all our God-fearing and law-abiding citizens to join in this effort to keep our community friendly and truly American, for only thus can it be kept free."

### VOTER-REGISTRY DEADLINE OCT. 21

Saturday, October 21, we will dance at the U. S. O. to the rhythm of the Whidby Island band.

Friday, October 27, there will

"We must abolish the poll tax."  
"We must pass a real anti-lynching law."  
"We must have equal working opportunities — backed by a permanent F. E. P. C."  
"We must abolish forever all forms of discrimination in the Army and in the Navy."  
"Educational facilities must be guaranteed for all children."  
"We must be allowed the right to vote with the same freedom as any other American citizen."  
"We must have working opportunities with equal pay for equal work."  
"All the ends we aim at must be our God's, our Country's, our race, our families and our homes."  
"In these things all Negroes are agreed."

#### WHITHER GOEST THOU?

Mr. Roosevelt's record is well known, and well restated elsewhere in this issue.

The New York Age, Republican for 60 years with but two exceptions, elects to lead you in the road to the camp of Franklin D. Roosevelt.

The Pittsburgh Courier, which led its followers behind the Roosevelt cavalcade would now guide you down the road leading to the camp of Governor Thomas E. Dewey.

STOP, LOOK and LISTEN before you cast your vote on November 7. What you do that day cannot be undone for four long years.

Here, we live in an enlightened area. We are daily surprised at the vast amount of knowledge stored in places which ought to be a public forum. Men think and express themselves freely. Many are so wedded to their own ideals, they lose much by failing to share and assemble their facts which would add much to their own knowledge.

Our own mind is made up, but, since we are not smart enough to know everything, we hesitate to impose our convictions on our readers.

At the Crossroad, we leave you to your God and your conscience.

### REV. F. W. PENICK HEADS LOCAL GOP

The Rev. F. W. Penick has been named to head the colored Republicans of King County.

### EDWARD H. SAVAGE DESERVES RE-ELECTION

Edward H. Savage, Port of Seattle Commissioner from the South District for the past two years, and a prominent West Seattle business man and community leader for the past 25 years, was being given all-out support this week for re-election by a large committee composed of leaders of labor, business and civic groups.

"Savage has acquired much valuable experience in the two years of the unexpired term of the late Smith M. Wilson, in the technical problems of wartime port administration," the citizens' committee declared.

"He has long demonstrated sincere and intelligent interest in development of Seattle as a great world port. He has assisted in and familiarized himself with the postwar maritime trade surveys and plans made by the Port Commission. He has been a factor in development of the port's huge Seattle-Tacoma Airport at Bow Lake, financed and built by the port commission both for wartime and postwar purposes.

"Savage has been instrumental in development of the new \$100,000 Salmon Bay Fishermen's Terminal facilities in the Ballard Area, of great value in progressive development of our \$50,000,000 fishing industry."

## EDITORIAL

By JAS. T. WALKER

Edward J. Crowley, 42 years old, Navy Yard worker acquitted in trial of charges of first degree murder last Tuesday in Kitsap County Superior court.

Crowley was charged with this crime by Prosecuting Attorney Fred Cohen. In an attempt to prove that the death of Edna Ross (Crowley) was the direct result of the shot fired from the S. & W. .32 calibre pistol, Mr. Cohen produced quite a bit of documentary evidence. The services of Stanley McDonald, ballistics expert from the sheriff's office of Multnomah County, Oregon, was brought to bear on the case.

At the time of the fatal shooting, which occurred in the home of the Crowleys at Sinclair Park shortly after 3 o'clock a. m. on March 12, the missile struck Mrs. Crowley slightly to the right of her spinal column, plunging inward about three inches, then

struck a vertebrae and deflected upward and lodged, thus severing the spinal cord and causing a paralytic condition from that point downward.

Crowley had admitted firing the shot accidentally. With the gun on exhibit, Cohen went to all the trouble to make the trial a long drawn out affair. Cohen contended that the gun muzzle was placed against the body of Edna Ross and deliberately fired. Proofs were made on corduroy material similar to the chenille robe worn by the deceased.

The experiments were made with .32 regulation cartridges, whereby the ammunition in the murder weapon was .32 rifle type. The ballistics expert could not be sure the powder used for the experiment was of the same age as the powder used by Crowley's gun.

The statement the dead woman issued was not signed. Due to attorney, the deceased was not able to sign the statement taken down by his stenographer.

The defense attorney produced a check which the deceased had signed following the day of the Cohen visit.

The jury was not permitted to hear the statement produced by Cohen because it was unsigned.

The law provides that death statements are permissible as exhibits in court only if the person giving such a statement is aware death is near. Mrs. Crowley knew she was critically ill, but no one knows whether she knew she was dying or not.

Crowley was dismissed by Judge Sutton on grounds that the prosecution had insufficient evidence. This declaration came following a motion by defense counsel for dismissal.

We must give positive credit to the splendid attempt by Attorney Cohen to break Crowley's neck. Had he tried his case for manslaughter, homicide or even second degree murder, he probably would have succeeded.

As a foot note, we mention the following: (As a man thinks, so is he). Mr. Crowley was reminded by friends that if he did plead innocent, but down in his heart knew this act was intentional, he would surely pay for his crime by the hands of God, because only he and God know whether he is guilty or not. Supreme justice is a synonym for equal justice for all, colored or white, humble or mighty.

VIEW RIDGE TAKES THE  
SPOTLIGHT

A gentleman from Little Falls, Minn., has come into our fair city, bringing with him his Dixie-like mode of living.

Having just come out of Detroit and its recent race trouble, it is alleged that he was one of the instigators of the riot there. He takes abode and employment in this area.

All went fine until the day the six families of "dark folk" were placed in View Ridge to live within a block from him.

At once he took steps to create a protest against this move. Immediately an organization was formed, a petition drawn up and passed around for signatures to force the authorities to set aside a ghetto for each race.

Stipulations in said papers attempt to show that the greater percentage of P S N Y employees living there are skilled workers—our people are just laborers. Hence, these white objectors will give up their jobs and leave, thereby endangering the manpower situation rather than live near a Negro.

We do not believe that there are such narrow minded white people to permit such a petty thing to interfere with their desire to get the war over.

If what he says is true, only time will tell what the outcome will be. We hear the Navy officials have taken a hand into these matters and have promised no favoritism to either of the groups. Quick settlement is expected shortly, rather than of this thing made nation-wide.

We will see if true democracy wins out or will one man with fascist ideas win.

Hello, Tacomans and readers of the great Northwest! Here we are back after more than two months and a long needed rest, to be exact, 26 years away from New York City and 42 years from all points south of the Mason and Dixon line. Believe me, folks, we up here do not appreciate what we have and can enjoy as citizens from the standpoint of civil life, climate and everything that goes to make life worth living. The writer will release a graphic word picture as best he can weekly which it is hoped will be of benefit and some of us may take time out to read and profit thereby.

Glad to be back is putting it mildly to say the least. Do not travel during these times unless it is absolutely necessary as all accommodations and transportation facilities throughout the nation are taxed to the limit, and everyone wants to give our military forces every opportunity to complete the great task that we as a nation must finish. To our way of thinking, and there are thousands of others thinking along the same lines, there is a great change taking place in the minds of the American people of all blood strains; whether that change is for the better or worse for our constitutional form of government or not, we must think before we attempt to make any serious changes at this time in that great document. As a minority group there is nothing that we can as a people do about changes that may have a deeper meaning than may appear upon the surface. I do not wish to be considered an authority on constitutional law but I do know that to our many regrets we have found many laws made since its adoption contrary to the letter and spirit expressed there in and many a court fight had to be instituted before matters could be cleared up.

The present great political battle plainly presents earmarks of fundamental suggestive changes, and mark you, some have a far more and deeper meaning than appears on the surface. Let us win this war and then think of making such changes as we may consider well and in a better frame of mind to think along with the millions of our boys who are over there suffering making the supreme sacrifice in order that we may live our lives as real Americans regardless of station in life. Some of us may not now enjoy everything but it is better, I believe, to make a flimsy fight on the battle front now in order that we may have a chance to fight when it is over there than to fail now on our front, then when the battle is over the chance to fight is gone.

Let us use the dollars we earn now to buy war bonds and save the bonds until the war is over, everybody is going to need a cushion when the smoke clears away. No nation can return to civil life unhurt after any war and that goes for individuals, it takes time and if we can not

trust our government then God help all of us. Stop wasting the dollars earned now, every one of which comes as a result of some American boy has bit the dust somewhere. There is blood on every wasted dollar. Next week more. Bye, now.

## NOTES HERE AND THERE

A very fine service was held at the Allen A. M. E. Church last Sunday with Rev. Roberts delivering a most inspiring sermon after which six additions were made to the church and the most noteworthy action that caused comment was the small daughter of Mrs. Ellis who was the first when the doors of the church were opened. A little child shall lead them. It was a great service, every one said.

USO No. 2, at 715 Commerce Street, is now undergoing further renovations for the accommodation of over night housing for the soldier boys, also sailors. When the work is completed, we are told, around three hundred will be taken care of. It will need even more rooms and plans are under way to meet that condition, we hope.

The Sixth War Bond drive is coming up Nov. 20-Dec. 16, and

"I shall go up and down this land preaching the doctrine of democracy"—Wendell L. Wilkie.  
—are those who every day are turning their backs upon New Deal Autocracy and return to a free government where free private enterprise is encouraged rather than placed on the galloping horse.

Here in the Northwest, Republican activity is becoming more marked. At the Republican meeting held last Wednesday, it was established that there shall be two district headquarters in Seattle, one to be located in the Jackson Street area, the other in the E. Madison Street area. George Woods is to be in charge of the Jackson Street headquarters, assisted by Miss Regina Twatles, and Hyatt Smith is to be in charge of the East Madison Street area.

Other campaigners include E. R. Chainey who will aid in interesting the people in better government. In Tacoma, Fred Harris, an able Republican chairman, has expressed optimism that the colored Republican vote may be very heavy. Mr. Harris remarked that he was quite impressed with Candidate Thomas E. Dewey at the interview granted colored Republicans and that he left the interview feeling that Mr. Dewey intended to do something about the Negro problem and further added that he (Dewey) has shown by his record that he would. Mr. Harris named Mrs. Nettie Asbury and Mr. James Beck as two active campaign leaders in Tacoma.

Scanning the releases that come into the office one can find good reason for all to desire a change. Excerpts like these: "Senator Truman hails from the hostile Missouri country where Cleo Wright was so brutally murdered. (One of Missouri's own little lynch mobs). The Tacoma office is for the Dewey-Bricker ticket regardless. My trip throughout the always-Democratic states convinces me that in the event that some unforeseen misfortune incapacitates the president the South will take complete control of the entire nation, lock, stock and barrel. Not more than 25% of our boys now in the armed forces will return to the South after this war, is my guess. Only a very few even want to return for training there where many now are stationed and praying for overseas service rather than remain. Register and vote.

and keep them voting the Republican ticket.

This went on through the administrations of Hayes, Garfield, Arthur, Harrison, McKinley, T. R. Roosevelt, Taft, Harding, Coolidge and Hoover, while Negro leaders told us that the Republican party was the ship and all others were the sea—that all the good people were in the Republican party and all bad people were in the Democratic party. For years we believed that until the cold facts of experience taught us otherwise. We have now learned that the slogan, "as

his finger to do anything about on under a deal which is neither new or old, but fair to all peoples of all classes.

Who stands to gain from the re-re-election of President Roosevelt? Is it the three million persons added to the government payroll? Is it the three or four persons whom the New Deal attributes to each of those millions on the payroll as being influenced by their job that desire his re-election? It is the thousands upon thousands of persons who have received something for nothing? Is it the people who remember, now that pork is hard to get, that it was this administration that wantonly slaughtered millions of little pigs? Should an administration be retained in office which believes that the manner in which to gain prosperity is to quit producing and to pay those persons from the government till for their non-production? Is it the multiple number of young boys now fighting across the seas who have never known any other president? These questions, I admit, perhaps cannot be answered by you, but according to the New Deal you may "clear it through Sidney."

In most counties the sheriff and the treasurer are limited to two consecutive terms. This limitation no doubt has its basis in the fact that too long tenure in office apparently opens the way too easily for graft and corruption and concealing the same. If such practices are a salutary thing for the comparatively smaller offices of sheriff and treasurer and the Father of our Country acted upon that principle, do we not have as great or greater reason for confining the President of the United States to a limited tenancy in office? Too long continued in power can give one an exaggerated sense of his own importance. In the words of Thomas E. Dewey — "That is why it is time for a change!"

# We Are For Roosevelt

AN EDITORIAL

FROM THE NEW YORK AGE

The 1944 presidential campaign marks the fourteenth in which The New York Age has actively participated. For 60 years, The New York Age has, with but one notable exception, been known as a consistent, ardent supporter of the Republican presidential candidates. In twelve of these campaigns, this paper has supported the Republican presidential nominees. In 1932 when we supported Franklin Delano Roosevelt in preference to Herbert Hoover, we editorially announced that that step was taken conscientiously. It was our conviction that we were serving the best interests of the country and the masses by urging Roosevelt's election and Hoover's defeat.

A radical departure from nearly 60 years of political tradition is no easy matter; it requires mature consideration and deep thought. Our chief interests in this very important campaign are: the general welfare of the United States and the promotion of the best interests of its Negro citizens.

Motivated by these paramount considerations, The New York Age recommends unreservedly to its readers and friends the reelection of Franklin Delano Roosevelt as president of the United States.

We believe that on the basis of his past performance, President Roosevelt is the man for the country in general and the Negro in particular. Although progress has not been as rapid as it could have been in the Negro's fight for full citizenship and for all that goes with first class citizenship as provided in the Constitution, nevertheless, we must recognize the incontrovertible fact that Negroes, other minority groups and the man in the street, have benefited more under President Roosevelt than under any other president since Emancipation.

The New York Age feels it is

portation workers defied the FEPC directive and struck against the upgrading of eight Negroes. President Roosevelt ordered the United States Army into Philadelphia without delay; the order to return to work was not only enforced but strike leaders were arrested and are now facing federal prosecution.

Too much is at stake for the interest of progress and security in this election to entrust the future to Thomas E. Dewey, whose training and experience have been primarily that of a prosecutor. Successful though he has been in his chosen field, it is expecting too much of him with the shake of a magic wand to suddenly take on the garb of a statesman of our country's chief executive.

President Roosevelt has proven himself, both in the eyes of the United States and of the world, that he has the capacity and foresight not only to chart a successfully-waged war, but also possesses the knowledge and experience to work with the leaders of the United Nations in mapping out a just and lasting peace.

The New York Age enthusiastically urges voters to reelect President Franklin Delano Roosevelt.

## NEGRO YOUTH AND CHARITY ALL BENEFIT FROM WAR CHEST DRIVE

The War and Community Chest campaign is a united effort to raise funds for 39 community welfare and war service agencies, together with King County's share for the 22 agencies of the National War Fund.

The local community agencies help to safeguard health and guide people in making adjustments to new situations. They aid newcomers in becoming assimilated in the life and activities of Seattle and King County. Youth activities for teen-agers, child care centers, counseling service for veterans, entertainment and information service for men and women in uniform—these are but some of the city's

projects helped by the chest. Nationally, the Chest contributes to nine organizations for men and women in uniform, aids American prisoners, and relieves victims of war in 17 foreign countries.

Mayor William F. Devin is honorary president of the Board of Directors for the Seattle-King County War and Community Chest drive; Paul P. Ashley is president; L. A. Williams, William M. Short and Mrs. Henry B. Owen are vice presidents, and Charles H. Howell is treasurer.

Our own Y. W. C. A., East Madison Branch, Y. M. C. A., Urban League and Third and Madison U. S. O., sharing gener-

ously in this Chest Drive should be our incentive for all out aid. Let us be prepared to give and give generously.

## DE GRIEF IS OLD-TIMER IN STATE

Judge Roy De Grief, prominent Seattle attorney, is conducting an extensive campaign for Justice of the Peace (Municipal Judge of Seattle). He has been the assistant municipal judge of Seattle for more than two years, and his friends and colleagues feel he is well qualified for the position he seeks.

He has been a resident of the State of Washington for 42 years and is a native of Iowa. While in his teens he worked in the harvest fields, mills, and railroads of Washington, and later graduated from Whitman College and the University of Washington Law School. While in college he was prominent in athletics, starring both on the baseball team and football team. Since graduating from Law School he has practiced law in Seattle for 26 years, being a member of the American Legion, Moose Lodge and the Eagles. He has also been a member of Beta Theta Pi Fraternity for 27 years, and has been president of the Iowa Club of Seattle for the past seven years.

Judge De Grief believes that our courts should be courts of law and not of personalities. He also believes that our courts are the bulwark of our representa-

tive form of government, and that when they cease to be a haven for the poor and a shield for the oppressed, then our American form of government will begin to deteriorate and our courts will be neither appreciated nor respected. He also believes that our courts should not be subservient to any organization, political group, or individual, and decisions should be fairly rendered regardless of race, creed or political belief.

De Grief also believes that our

courts have materially helped to make America great, and they will continue to keep America free and great if left independent.

DEWEY AND HIS PUBLIC SERVICE

By PRENTIS L. FRAZIER  
Last week I gave you the public service record of Franklin D. Roosevelt during his political career, as it relates specifically to the group with which I am identified. This week it gives me a great deal of pleasure to review for you the public service record of Thomas E. Dewey, from the same point of view.

From my observation Mr. Dewey has been most outstanding in his service to his community, his state and his nation be-

By PRENTIS L. FRAZIER

cause of his ideals, his convictions, and the courage he has evidenced in supporting these convictions. Beginning with his service as an attorney he has stood for justice for all regardless of race, color or kind. In his service as Deputy United States Attorney General, Mr. Dewey was judged highly efficient and capable, and what is important to us, was extremely fair to all minority groups.

As District Attorney in New York, the present Republican presidential nominee, displayed unusual intellectual and executive ability. He prosecuted criminals according to their crimes and thereby effected a great reform in New York, a service which brought him national fame. On his staff Mr. Dewey appointed members from every group of people in the state. He selected a member of our group, Mrs. Emma Hanton Carter, as his assistant. This capable woman assembled all the information for the cases in which the District Attorney took personal interest. Not only that but she appeared in court with him and helped him present his cases. This fact is well known throughout the country. Mr. Dewey further acknowledged ability and efficiency in our race by using in his office other able Negro attorneys.

As Governor of New York, Mr. Dewey again has proved his superior qualifications. His current record is too well known for me to reiterate it here, but I do want to call to your attention what he has done for our group. This man of courage and fine principles has made several outstanding appointments among whom are two Negro men in high commissions. One of these men was appointed on the boxing commission and has since been made chairman of that commission. The other one, Attorney Rivers, was appointed by Mr. Dewey to Justice, City Court New York City, one of the highest paid positions ever held by a Negro. This appointment was unanimously approved by the people of New York in the campaign which followed by electing Mr. Rivers to a full term in that office. This record of Mr. Dewey's has never been equaled by any other presidential candidate at any time.

Mr. Dewey believes, and has the courage to act upon his belief, that everyone should be given the same opportunity economically, and that the basis of selection should be qualifications and ability and not the color of a man's skin. Furthermore he is strong enough to successfully oppose those who would fight him because of his fair and just stand. New York, as far as Negroes are concerned is much better under Governor Dewey than it has been under any other Governor. And our nation, under President Dewey, will be better for all groups than it has ever been before. I dare to make this prediction on the basis of Mr. Dewey's outstanding ability, his foresight, his ideals, his courage to stand by these ideals, his justice and fairness, and his profound respect for the dignity of man.

Mr. Dewey has accepted unequivocally the platform of the Republican Party, especially as it relates to the rights due the Negro, and to date he has lived up to that obligation to the fullest. In his entourage, traveling from city to city, he has Negro executives helping to carry on the business side of his campaign. Also among the press agents

there are two Negroes, one representing The Afro-American Newspaper, the other representing The Amsterdam News. These representatives of the Negro press are accorded the same privileges and accommodations that are given members of the white press. Not only that, Mr. Dewey sees to it that others accord them the same rights. In one southern city where the hotel manager refused to make accommodations for the Negro members in his party, Mr. Dewey refused to leave the train until every member of his party was treated with equal courtesy. Now

OUR COUNTRY FIRST!

(Reprint from Pittsburgh Courier, Issue of Sept. 30, 1944)

Tuesday, November 7, stands out before the American people like a blazing signboard, offering the choice of two roads.

On that memorable date, the citizens of this great nation of ours will make a decision which will chart the future course of the United States. No previous election has ever been fraught with as much significance as this one—an election which will determine the ultimate future of this young country. The issues involved are so important that they outweigh and transcend the personalities of the candidates involved.

The Negro citizens of our country—like all other minorities and all other Americans—have a deep responsibility to perform on this occasion. On that day they will exercise their most priceless heritage—the ballot. They will be called upon to use the most valuable possession of any American citizen—his (or her) right to vote.

In the pivotal states, from Missouri to Massachusetts as well as in the great State of California, the Negro vote will be a tremendous factor in this election. Unlike other minority groups, the

I ask you the question, isn't this the type of man we should trust with the management of our national government? Mr. Dewey, I am thoroughly convinced, is the type of man who will steer our nation to be the type of nation all of us, regardless of race, would enjoy, and of which we would be justly proud.

In my next article, which shall appear some time before the November election, I shall give you a resume of the facts I have tried to present in this series, and from this resume draw logical conclusions. In the meantime I urge you to read and digest the political articles written by Mr. J. A. Johnson and Attorney Charles E. Stokes.

Negro must use his ballot in the best interest of himself and his race. His vote at all times must be used effectively. His vote must be used to advance the fortunes of his group in this country. At the polls, he represents FORCE and POWER. That is the ONLY place in the United States where the Negro actually has FORCE or POWER.

Negro Americans are vitally interested in the future of their country. They are interested in permanent employment with the security it brings. They are interested in the welfare of their fighting men in the armed services. They are interested in progressive social legislation—legislation which includes all groups of workers. They are interested in a progressive Congress. They are interested in policy-making and policy-forming positions in government. They are "tired" of advisory roles without real power or implementation. They want integration, not separation. They want recognition, not benevolence. They want first class citizenship with the right to speak and be heard for themselves without "friendly" white interpreters.

What party will give them these things? Will it be the Republican party of Governor Dewey or the Democratic party

of President Roosevelt? According to the records, there were more than 13,000,000 people out of work, marching through the country's streets looking for jobs and milling about in "breadlines" when Mr. Roosevelt took office in 1933. The Republican party cannot escape the responsibility or the sad lack of leadership which caused this condition to exist. They were in power for 12 years under three presidents.

Mr. Roosevelt took office on March 4, 1933, with both houses on Congress eagerly following his lead in legislative enactments. He showed his courage and a knack of leadership in a grave emergency which assured for him a ranking place in American history. He advocated legislation affecting low income groups which directly benefited Negro Americans. He set up agencies under the extraordinary powers given him by Congress which enabled the workers of this country to escape starvation and keep their families together.

Now, the government has become dangerously centralized, dictating the daily lives of the citizens of this country. It is now telling the people where they are to work, when they shall work, for whom they shall work and for what pay. It is bent on regulating and regimenting both industry and the individual while the national debt reaches astronomical proportions. IS THIS AMERICA? The record shows that after seven years of unlimited spending and taxing, as late as May, 1940, when the na-

tional defense program was well on the way, there were still TEN MILLION Americans of all colors, creeds and religions STILL out of work. We might as well look the facts in the face. Mr. Hitler, not Mr. Roosevelt, relieved the unemployment situation in this country.

The Negro people in the United States are working people. They have not been able to make money other than that which they have made as wage earners. They are too young yet, even in their LIMITED FREEDOM, to have acquired wealth. They are very much concerned about jobs which come from the prosperity of their country and not a WPA dole. They know, only too well, the work record as it applies to them. It is a known and accepted fact that the Negro is the "last hired, first fired." Even now, after 12 years of hard work spent in helping to build the country and fighting in all wars, he still must fight for the right to establish himself as a citizen without morale-shattering reservations. . . . A mere indication of his lowly position on the economic ladder.

At the end of the war with Germany, we shudder at the picture experts are drawing of the economic situation. We have a deep concern for the working people of this country two months after the war with Germany is ended. It is reasonable to assume, from these experts, that fully 4,000,000 people, both men and women, now engaged in wartime production, will be look-

ing for new jobs. Then there will be millions of returning soldiers. At the end of the war—and four more years of Mr. Roosevelt, with the WPA, the NYA and the CCC gone, there is nothing in the present administration's program of policy which offers any hope of being able to meet and solve the unemployment dilemma.

Then, we might be asked, what does MR. DEWEY offer? Mr. Dewey is the nominee of the Republican party. The Republican party owns 90 per cent of all industry and commerce in this country. It is the group often referred to as "private industry." We believe that party is better qualified to handle the business and financial affairs of this country to get industry moving during the peacetime era.

Of still greater concern to the Negro voter is the vital question: "Has the Republican party produced a PROGRESSIVE leadership?" We offer no excuse for the spineless leadership of Harding, Coolidge and Hoover. There are absolutely no reasons for the selfishness and do-nothing attitude of the reactionary Republican clique. If it can be shown that the same leadership controls the party, WE are against it still and yet! However, it is our firm conviction that younger men—vigorous, alert, progressive and liberal—are now in the saddle. Men like Governor Dewey of New York, Governor Warren of California, Governor Griswold of Nebraska, Senator Ball and Commander

Stassen of Minnesota can furnish the type of leadership America needs.

Today, on the government payroll, together with the families of those employed, are a potential five million persons. That is a tremendous number of people to be influenced by a party in power. Add to this huge list of voters the coalition between the big city bosses—men like Hague of New Jersey, Lawrence of Pennsylvania, Kelly of Illinois, Flynn of New York, Crump of Tennessee and what remains of the Pendergast machine—who are at all times ready and willing to do business with the reactionary and prejudiced South. There is a combination which presents dangers to our country more alarming than any before conceived. Four more years of Mr. Roosevelt could mean the end of the two-party system in this country.

Power leads to tyranny. The Negro needs only to guess at what his position would be under a one-party system. Look at Germany! Look at Italy! Look at the South! All are the result of the one-party system. Germany is doomed. The South is America's poorhouse: Poor hospitals, the poorest schools, the poorest social conditions and the lowest wages. Whatever tends to destroy the two-party system in this country is dangerous to the Negro.

In our opinion the last vestige of good in the New Deal departed on that Friday after-

noon in Chicago last July when Vice President Henry Wallace was sacrificed on the altar of greed, power and prejudice. Mr. Roosevelt gave Mr. Wallace the "kiss of death" in an effort to placate the lily-white South. There have been times when we believed Mr. Roosevelt's interest in the Negro was 90 per cent political and 10 per cent humanitarian. During his administration, there has been legislation of such deep interest to the Negro that it was a challenge to all people who believed in fair play and the extension of every American privilege to every American citizen. For example, the Wagner-Costigan Anti-Lynch Bill was filibustered to death in the U. S. Senate and that great man in the White House said nothing! The Gavan Anti-Lynch Bill met the same fate and that great man in the White House said nothing! The Pepper Anti-Poll Tax Bill was filibustered to death in the U. S. Senate by the prejudiced South, and that great man in the White House said nothing! The Marcantonio-Meade Anti-Poll Tax Bill met the same fate, and that great man in the White House said not a membling word!

The Pittsburgh Courier was against the third term. We are against the fourth term. We believe and do advocate a change in the national administration for the good of the country we all love.

WE ADVOCATE THE ELECTION OF DEWEY AND BRICKER.

## PORTLAND COUNCIL OF CHURCHES TO HOLD PASTOR DAY

Standing as yesterday, today and tomorrow is the pastor-minister. Sunday, October 15, was Pastor's Appreciation Day. For several years this observance under sponsorship of the Portland Council of Churches, has met with a degree of participation from those followers and worshippers who realize the importance of the pastor's place in the pulpit and community. However, by many, he is still taken for granted.

In most churches the day was observed with special programs, sermons and gestures of appreciation to the pastor; while others had not and do not wait for a special day set aside—instead they express appreciation in service, loyal co-operation, kindly deeds and thoughtfulness throughout the weary days, weeks and months as the pastor labors and trudges along.

In appreciation of the pastor and wife Rev. and Mrs. J. James Clow, the several departments of Mt. Olivet Baptist Church participated in a testimonial program Sunday at the 11 a. m. worship hour. Mrs. Francis Hood, church clerk and general chairman of the program presided. Testimonies were from the Sunday School by Mrs. Marie Smith; an open letter from the young people read by Miss Ruth Scott, was indeed complimentary; the Junior choir, Cunetta Harris directing, dedicated the song "Dare to Be Brave." B. Y. F. was represented by Lenworth Minor, supervisor; floral presentations: Senior Choir a gorgeous orchid to Mrs. Clow, presentation made by Mrs. Lellia Payton; senior missionary society, a basket of autumn folwars, a corsage and a button to the pastor, presented by Mrs. Maggie Friday and Mrs. Dollie Parries. Gifts were from the usher board, Junior missionary society and Searchlight club. Mrs. Sam Fletcher, president.

Representing the church proper was deacon William Byrdson. A generous gift offering was collected by brothers Noble Sibley and W. Porter. Rev. and Mrs. Clow, occupied a pew in the audience as guests of the church as they observed with gratitude the esteem in which they are held by their members.

BETHEL IS APPRECIATED  
At Bethel A. M. E. Church where a warm welcome, a cordial greeting, an invitation to come to worship, an admonition, leave to serve and, where one realizes the real joy of Christian living is found in Christian service—is inspired and encouraged by an awareness that, to express an appreciation of pastor-leadership is been denied the pastor and wife a rightful duty which has not—Rev. and Mrs. Browning C. Allen.

Bethel is appreciative, and has been very liberal in financial and personal gifts to Pastor Allen and family. His leadership, par excellence, is being felt throughout the community.

FIRST A. M. E. ZION  
Others worthy of mentioning are Rev. and Mrs. J. F. Smith, of First A. M. E. Zion church. They are to be highly commended for the fine work done in saving and keeping this church ranking among the progressive churches of the city. They are greatly appreciated.

Rev. L. O. Stone, Vicar of St. Philip Mission, the first Negro Vicar of this mission in Portland, has with the inspiration of his devoted wife and cooperation of his loyal parishioners, plans under way to remodel the church building and to build a parish house on a lot recently purchased joining their present property. Such a leader with a vision is surely appreciated.

The leadership of Rev. R. E. Donaldson and wife is being felt out in Montavilla, where they are in charge of the Community church. Likewise Elder Robert Searle, of the House of Prayer. His congregation and friends observed early this year his 33

years of pastorate in Portland. The observance was a week of history making.

## N. A. A. C. P.

Regional Johnson, field secretary of the National Urban League, New York City, N. Y., told those in attendance at the branch N. A. A. C. P. meeting Sunday that there is no Urban League in Portland. No executive secretary, no executive board, no budget, etc. There is, said the speaker, a few interested citizens and representatives of some liberal organizations expressing the need of an Urban League in Portland.

Mr. Johnson, in looking over the field here, prospecting, is also taking advantage of the opportunity to straighten some folk out in their thinking between the N. A. A. C. P. and the Urban League. In naming the objective of an Urban League, Mr. Johnson said "its sphere of work is to better the living and working conditions of the Negro in jobs, housing, health and recreation." It engages in research, as per facts. It fights segregation and discrimination in employment. A local league would not be a branch but an affiliate of the national. Unlike the N. A. A. C. P. (as some misinformed persons believe) it doesn't work on a membership basis, has no membership, nor does it bring to bear mass pressure.

Dean Collins, speaking for the War Chest Fund, urged the cooperation of individuals as well as the branch association. Mr. Collins was asked some direct questions as to discrimination to the race group in certain agencies supported by the War Chest. One of the more recent things the Portland branch did, was to draw up a Civil Rights Bill—one with teeth—several teeth—which the branch will introduce at the next session of the legislature. The many defeats have been discouraging to be sure, but with the support of liberal individuals and organizations the branch will fight on until Oregon does pass a Civil Rights Bill.

## A. PHILIP RANDOLPH FOR 11TH TIME HEADS BROTHERHOOD S. C. PORTERS

CLEVELAND, Ohio.—A. Philip Randolph was re-elected International President of the Brotherhood of Sleeping Car Porters for the eleventh time at the Organization's Fourth Biennial Convention held at the Phillips Wheatley House today. Mr. Randolph has been President of the Organization since its inception August 25, 1925. Prior to 1933 conventions and elections were held once a year. However, since 1933, conventions are held biennially. The present session is the Fourth Biennial Convention. Expressing enthusiastic approval of Mr. Randolph's leadership not only of the Brotherhood but also of his national directorship of the March on Washington Movement, the National Council for a Permanent Fair Employment Practice Committee and his efforts in behalf of the Negro people, in particular, and the American Trade Union Movement

in general, the nearly 500 delegates from 42 states and Canada re-elected Mr. Randolph unanimously.  
Mr. Randolph and Mr. Webster were unanimously elected to represent the Brotherhood of Sleeping Car Porters at the coming Convention of the American Federation of Labor in the city of New Orleans, November of this year. The Brotherhood is an international affiliate of the Federation. The delegates voted Chicago as the site of the Fifth Biennial Convention to be held in September, 1946.

League Independent Committee  
for the Election of Dewey and  
Bricker, have been established at  
Harlem's world-famed Hotel  
Theresa; at the Woodside Hotel,  
also in Harlem; the Southway  
Hotel in Chicago, as the mid-  
western headquarters; and the  
Pacific Coast headquarters at  
Hotel Clark in Los Angeles.

The support of J. Finley Wil-  
son and the Elks of the Dewey-  
Bricker ticket is one of the most  
significant developments in the  
campaign as regards the Negro.  
It is one of the first instances  
in which an all-Negro organiza-  
tion of the magnitude, influence  
and power traditionally exercised  
by the Elks, has come out openly  
in support of either of the presi-  
dential candidates. The Elks'  
membership is comprised of Ne-  
groes from every walk of life,  
from ministers, educators, physi-  
cians, school teachers, business  
men, labor leaders, and musi-  
cians to porters, cooks, railroad  
men, laborers and athletes. These  
people have shown their faith in  
the ability of J. Finley Wilson  
to lead them by keeping him as  
grand exalted ruler for nearly a  
quarter of a century.

The Republican headquarters  
at the Roosevelt Hotel here in  
New York was jubilant over the  
unsolicited support of J. Fin-  
ley Wilson, the Elks and the  
National Voters League Inde-  
pendent Committee for the Elec-  
tion of Dewey and Bricker.

chore-women, they have been  
highly favored.  
When Mr. Roosevelt became  
president he did raise to a higher  
level a few Negroes by giving  
his Negro appointees new titles,  
sans overalls and dustcaps. In  
several instances they were sup-  
posed to function. They soon  
reckoned without their host.

Today not a single position in  
the government of the United  
States of any importance is held  
by a Negro. No Negro employe  
can make a single decision with-  
out awaiting the approval of his  
superior or superiors—some of  
them inferior in training and in-  
telligence.

When Mr. Dewey was elected  
District Attorney in New York  
that very same practice was in  
vogue. Not a single assistant  
deputy in the largest Negro pop-  
ulated city in the world. He im-  
mediately appointed Francis E.  
Rivers, in fact at a salary of  
\$10,000 per year, and assigned  
everything from murder up and  
down. He brought into his set-  
up a Negro woman lawyer at  
\$6,000 in the Juvenile and Dom-  
estic Relations Department.

AS GOVERNOR OF NEW YORK:  
Against the advice of friends  
and foe, he named a Negro wom-  
an to be secretary of the Labor  
Department. Against this same  
advice he named three Negro  
Assistants of Attorney Generals  
in the state of New York and  
made another Negro Labor Com-  
missioner.

Mr. Franklin Roosevelt in all  
his 12 years as President has  
never done anything to approach  
the political courage of Thomas  
E. Dewey, Governor of New York.  
Governor Dewey, candidate for  
the nomination of President of  
the United States dared to fill a  
vacancy in the City Courts of  
New York by nominating Francis  
E. Rivers to the \$17,500 a year  
post and cared not a whit what  
the world thought of the ap-  
pointment. But listen to this:  
Francis E. Rivers, the same tem-  
porary appointee was elected to  
serve the full 10-year term at the  
same salary—the highest paid

to any Negro in the whole  
U. S. A.

There is absolutely nothing  
like it in Mr. Roosevelt's 12  
years record. His Virgin Island  
appointee was small town popu-  
lated by dark people. It re-  
quired sheer courage for Gover-  
nor Dewey to make all these ex-  
ecutive appointments.

Do you think that Mr. Roose-  
velt would have dared offend the  
South? Never!

Today Negroes want to be an  
integral part of the government.  
They want to hold positions and  
make decisions in that office  
without consulting someone who

knows less than they.  
The next four years will de-  
mand a president with courage  
and Governor Thomas E. Dewey  
is that man. Finally and above  
all Governor Dewey promised in  
his Seattle speech, if elected he  
would use all the influence of  
his administration for a perma-  
nent F. E. P. C. to raise the eco-  
nomic standard of all minorities.  
The F. E. P. C. is Negroes
