The LibreTexts is a growing Community-built OER resource that is Comprehensive in nature and Curated at multiple levels.

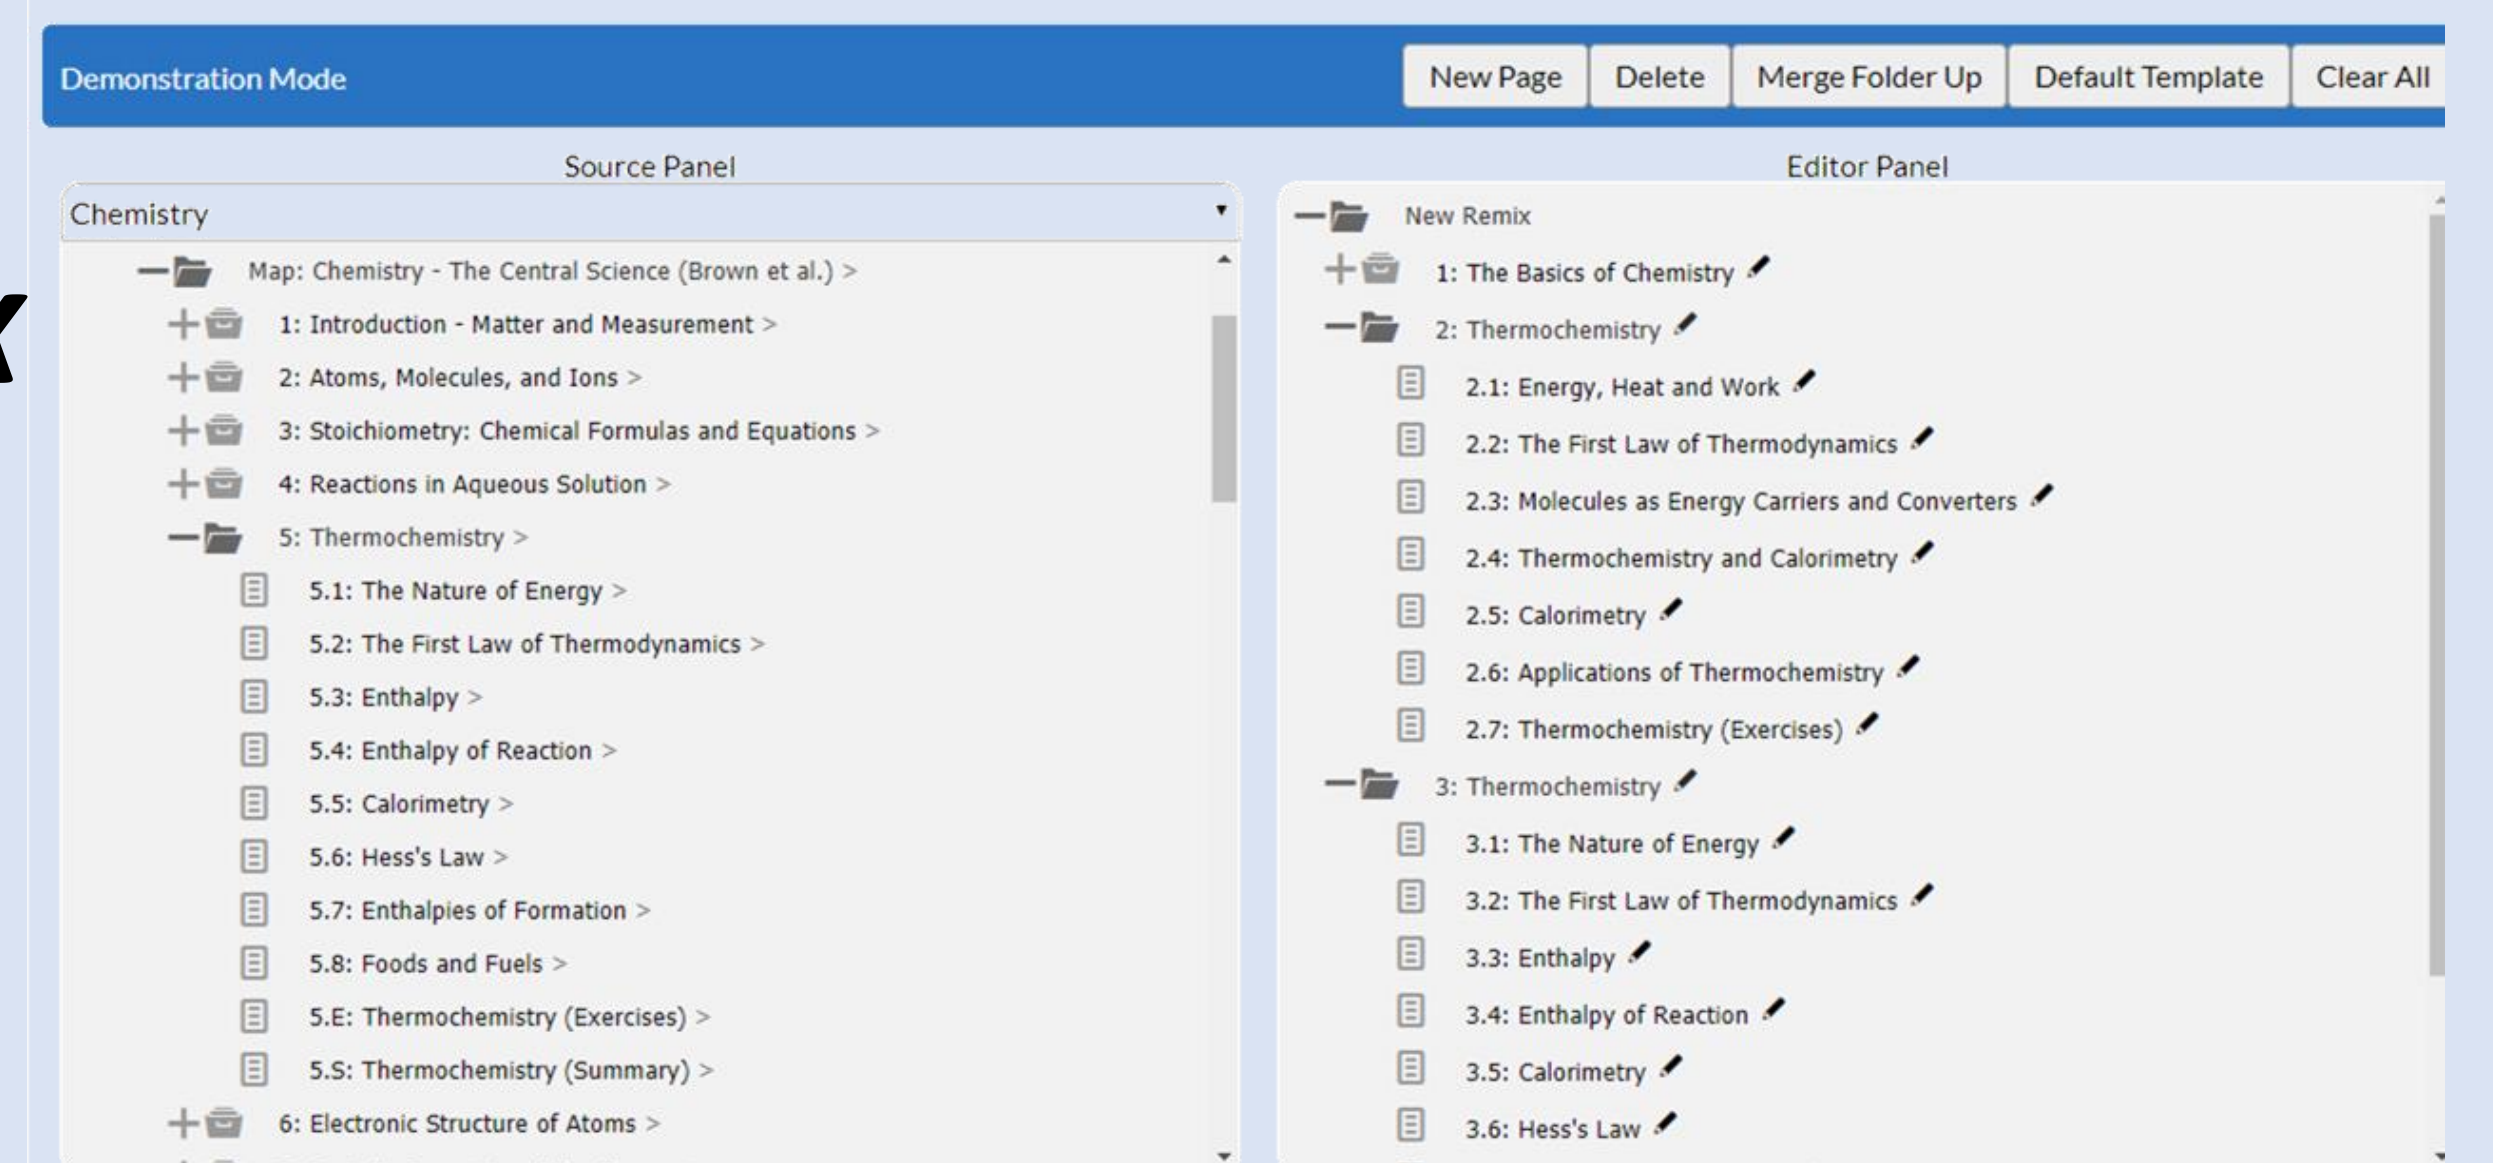

LibreTexts is a powerful construction and dissemination platform (100s of courses). The platform reduces the **time** and **effort** that faculty need to assemble OER for classes and dissemination. Course LibreTexts are built by incorporating content from an extensive network of existing OER materials that extend across the curriculum which faculty can edit and customize to meet their needs.
