Workflows

Initial Workflow

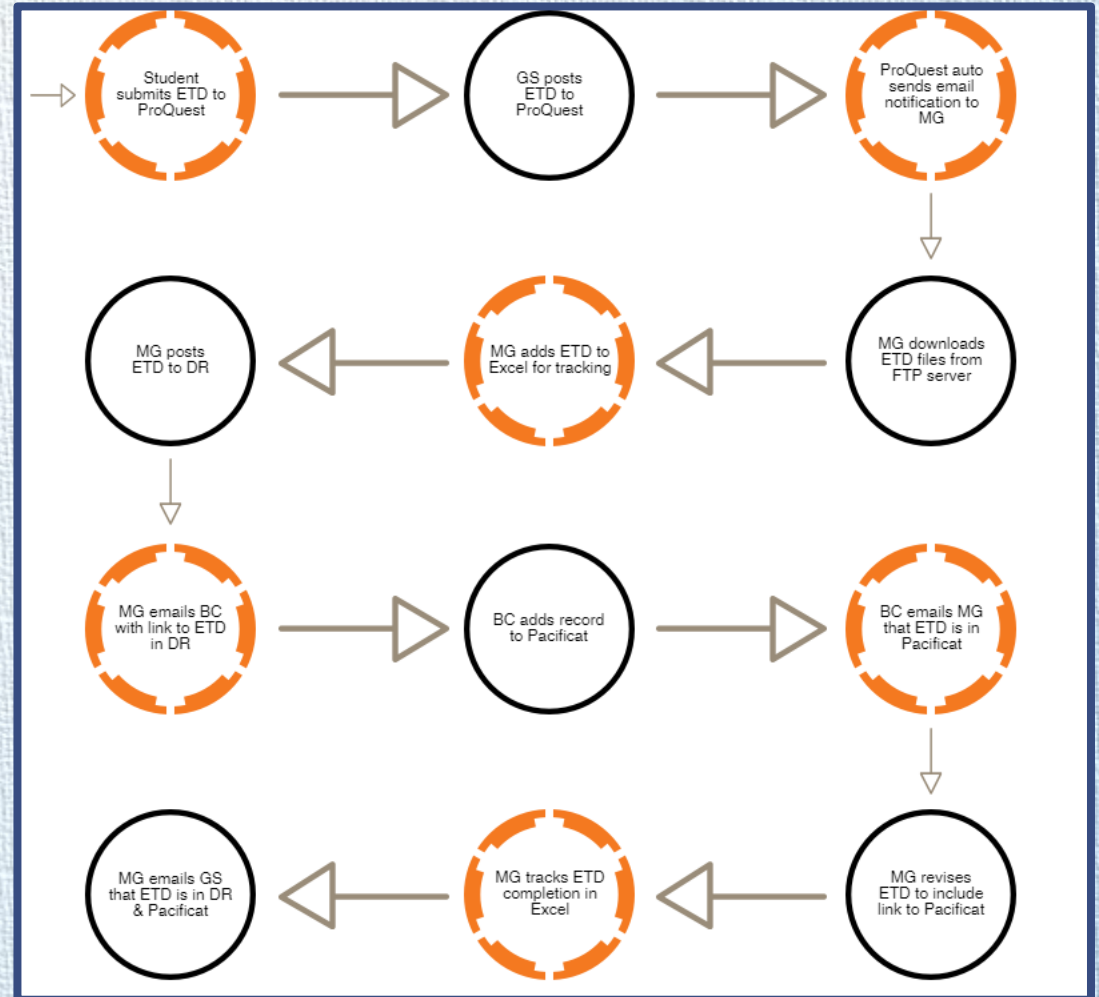

- ProQuest submission by student
- 2 print copies required by Library
- 1 print copy to student's Department

University of the Pacific Library in Stockton © 2017 University of the Pacific

Suggested Workflow

- Student submits to ProQuest
- FTP server dump
- Library staff uploads to IR
- Library staff catalogs digital
- Cross referencing in IR
- ZERO print copies required by Library (student savings=\$50)

Visual workflow chart created by M. Gibney

Workflow Decisions

- Why not just submit directly to the IR and drop ProQuest?
- Who has to approve this new workflow?
- Archivist concerns about lack of print copies
- Do the Departments still want a print copy?
- What about all the current print copies?

- Continue uploading new ETDs from ProQuest
- **Attack the HASC single print copies**
- Update Library Catalog to point to all digital copies in the repository
- Change permissions from University ID restricted access to OA for older than 1989 without a Copyright notification (Cornell Copyright Chart, <https://bit.ly/2JuFu5l>)
- Create accessible copies for those where OCR can't work
- Contact recent alumni for OA permission
