Featured Stories

Does It Pay to Hire a Law Firm Librarian?
The role of the librarian is becoming more critical as the volume of information in the world grows. How do we make sure that we are aware of the value our customers perceive in us, and how do we change our perception of our own value?

Ensuring the Library's Future
January 8, 2011
Instead of looking to technology for relevance, libraries ought to look at the lives of their patrons and the issues in their communities to discover not just what people do, but why they do it. [Read more](#)

The Value Formula
January 7, 2011
Work closely with customers to gain insights into what they perceive as the value of information products and services...If you are not demonstrating value, the future of the information services department is at risk. [See more...](#)
