Mr. R. H. Baldock,
State Highway Engineer,
Salem, Oregon.

Dear Sir:

In re: Widening Front Ave.

Considerable interest is now being taken by numerous community clubs in connection with a project to widen Front Avenue and construct a diagonal from the Ross Island Bridge to S.W. 14th Avenue.

We are therefore quite anxious for an expression from the Highway Department in order that we may know if your Department will be willing to have the above streets designated as federal aid roads in order that future allocations of government money may be used toward the improvement of these streets, if the right of way were furnished by the property owners and the City.

Yours very truly,

CITY ENGINEER

LGA CH

O.B.

153490

Front Ave.
