September before it comes back.

SCHWAB That's right, it was to be at least September and then during the emergency medical services business there was conversation about why I had the health and it was to work out the tree situation, and I believe the Mayor at that point said when we had the tree spraying, it was going to be transferred to he who had the emergency medical services, and so we didn't continue there beyond the City Attorney's report which I believe has been transferred to you. But that's all right, continue it a week if you want to.

MC CREADY I have a bunch of pages, this is not really the time to go into the minutes, but it was basically because you had problems with it --

SCHWAB I asked that it be sent to everybody.

MC CREADY And Neil asked that you prepare your proposal in writing.

SCHWAB No, the point was that he said, and Jordan said in the other meeting that it goes to the one who has the Health Committee. We'll just vote on it and if you prefer I'll bring in an ordinance next week then asking that these be filed and given no further consideration. That will be on at the same time next week.

By unanimous consent, the report was continued to October 19, 1977, at 9:30 a.m.

WILLIAMS I just wondered if this one emergency item was being set over.

MC CREADY We cannot take action, there must be at least four Council Members present, and they must be unanimous votes on all emergency items, and the Mayor will be back this afternoon at 2:00. So we'll just have the first and second readings this morning and then we will not take action until afternoon.

WILLIAMS Should I stick around this morning?

MC CREADY You could, or it could be heard, probably you would prefer if you want to make testimony to make it to all four who will be voting.

RESOLUTION

3392 A Resolution requesting Portland Development Commission to coordinate the Pioneer Square Park Program including acquisition, fund raising, design and construction, was introduced by Mayor Goldschmidt and read.

MC CREADY Are there those present who would care to be heard? (No one responded)

SCHWAB I have a question on this, Madam President.

MC CREADY Of whom?

SCHWAB Well, maybe it's a statement. When I read the Management Services it says sufficient funds are budgeted and included in the HCD

and PDC agreements to support the administrative cost, yet when I ask PDC they said that that is not part of the \$500,000 in HCD funds and would be additional funds. I would like them here to discuss that.

MC CREADY Is there someone here who is willing to take on Commissioner Schwab with that question? (No one responded) What's your pleasure, Commissioner Schwab? Would you like to have someone come or continue it to this afternoon when the Mayor is here and request that there be someone here?

SCHWAB Either way, either this afternoon or a week, it doesn't matter to me.

MC CREADY Whatever your pleasure.

SCHWAB I don't care.

By unanimous consent, the resolution was continued to October 12, 1977, at 2:00 p.m.

MC CREADY Are there those present who would care to be heard? (No one responded) Discussion by the Council?

HURTIG Just three on the report.
