69%

Of employers prioritize hiring data literate job candidates

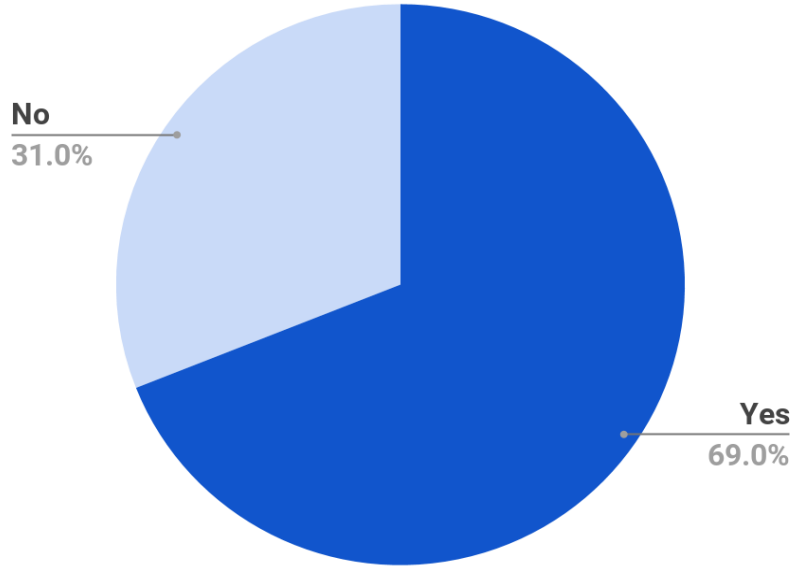

23%

Of university leaders say they're producing data literate graduates

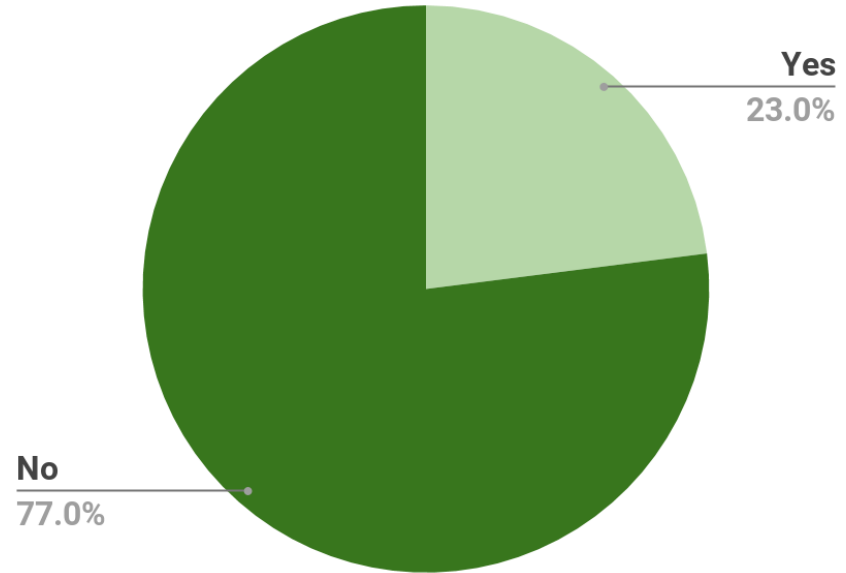

Business-Higher Education Forum. (2017). [Investing in America's data science and analytics talent.](#)

How can we help?

Employers prioritizing data-literate hires

Universities producing data-literate graduates

Ideas

- Research literacy skills
 - Ethical implications of data gathering, usage & interpretation
 - Introduce new research techniques
 - Integrate more data sources into teaching/reference
 - Pitch it as a job search asset
-
