Welcome to University Honors

Meet a group of Honors students that use their education to interact with the city of Portland. Portland State University Honors focuses on providing a focused academic community for students of all backgrounds.

"Welcome to University Honors" is a branded video made in cooperation with University Honors and the PSU School of Film as part of the undergraduate Honors Thesis.

A woman with long brown hair, wearing a green scarf, a dark green puffer vest over a tan and white striped sweater, and black pants, stands in an outdoor courtyard. She is looking towards a large, colorful abstract sculpture on the right. The sculpture is made of many thin, colorful strips of fabric or paper, creating a vibrant, multi-colored surface. In the background, there is a light blue wall and a brick building.

"I feel equipped and supported
to dive into my education"

"I got the resources to point
me in the right direction"

A young man with short brown hair and black-rimmed glasses is looking upwards and to the right. He is wearing a black jacket with a fur-lined hood and a white and grey patterned scarf. The background is a blurred, vibrant scene with blue and purple light beams, suggesting a modern, possibly architectural or artistic, setting. Other people are visible in the background, out of focus.

"I'm more aware of being a
creator in a creative city"

A woman with long dark hair, wearing a dark quilted jacket and a watch, is kneeling outdoors. She is adjusting a surveying instrument mounted on a white tripod. The instrument has a yellow top and a white box attached to its side. The background shows a wooden building and some foliage.

"Sustainability is a huge part of the Honors courses."
