

Appendix I

Appendix II

Appendix III

The nuclear detonation
off the coast of Chile.

Volcanic eruption in Iceland that destabilized the
Mid-Atlantic Ridge, with subsequent earthquakes
and landslides across the hemisphere.

The South China Sea earthquake.

Piracy and war.

Noise.

Bathing the ocean with noise,
membrane-shattering noise that
circles and recircles the planet.
Endless, painful, murderous noise.

The mass suicide of bluefin
tuna off Mauritania.

Scores of dead whales.

A population being snuffed out.

GOA, INDIA

"IT MEANS LIBERATION AND RELEASE. IT TALKS OF THE MOMENT OF DEATH WHEN YOUR SOUL IS UNMOORED AND THE SUFFERING ENDS AND REBIRTH BECOMES POSSIBLE."

KARACHI, PAKISTAN

ROUTE 8, MYANMAR

"PERHAPS A BIT ON THE NOSE BUT IT IS USED WITH SINCERITY. WE NEEDED A NEW HOME. THE CRASH DESTROYED OURS."

"THE BIG OIL SHIPS, THE U.L.C.C.'S AND THE F.P.S.O.'S, WERE DESTROYED TO BLOCK THE STRAITS OF HORMUZ AND THE ADEN GULF. THE OIL ECONOMY WAS CRIPPLED AND SINCE THEN THE REGION HAS SEEN NOTHING BUT WAR, A CHAOS WAR, WITH ALL SIDES LASHING OUT, UNSURE WHO IS FRIEND OR ENEMY. NO DOUBT, THIS IS FAMILIAR TO YOU, BUT THIS IS THE STORY OF MOKSHA."

"OIL FOULED BEACHES FROM DJIBOUTI TO KERALA. THE FISHING WAS KAPUT, SO WE STARVED. THE WATER SO POLLUTED WE RETCHED FROM BREATHING ITS VAPORS. WHOLE FAMILIES PERISHED OF THIRST WHILE NECK DEEP IN FLOODWATER."

"IT WAS A MADNESS WITHOUT END, EACH NEW HORROR WORSE THAN THE LAST."

"THE OIL PLATFORMS WE COULD SEIZE, THE SEMISUBMERSIBLES, THE F.P.S.O.'S AND THE GRAVITY-BASED STRUCTURES, WERE TOWED TO A SPECIFIC LOCATION. I MAKE IT SOUND SIMPLE, BUT IT TOOK MANY MONTHS. WE HAD A MERCHANT NAVY AND DOZENS OF ENGINEERS AT THE READY."

"MOKSHA STATION WAS CALLED 'RIG CITY' AT THE BEGINNING. IT WAS A REFUGE, A PLACE TO BE INDIAN AND PAKISTANI AND BANGLADESHI AND SAUDI AND BURMESE AND SO ON, BUT IN PEACE."

"OUR BID FOR FORMAL STATUS IS AT THE U.N. NOW. WE HAVE SEVERAL ALLIES IN THE REGION—ERITREA, THE SEYCHELLES, COMOROS, AND BHUTAN."

"PERHAPS NOT THE HEAVY HITTERS WE NEED, BUT A FRIEND IS A FRIEND, AND HEY, WE ARE OCCUPYING THE MEANS TO PULL OIL FROM THE GROUND, YES? SOONER OR LATER, WE WILL BE CHALLENGED."

"AS LONG AS WE REMAIN A NEUTRAL ENTITY, NO WEAPONS, WE ARE NO ONE'S PRIORITY."

"BUT YOUR POLICE FORCE IS VERY WELL ARMED, SUMON..."

Appendix VIII

Appendix IX

It's generally accepted that the year of the Crash began on January fourth with a lethal storm laying waste to the Cook Island chain.

And that it ended in late November with the global economic crash, capping the end of eleven months of environmental havoc.

This is what is accepted. This is what people believe: the Crash was a yearlong event.

It wasn't.
