

23 Nov 08: Set up this document, no record of this ever being transcribing

Reviewed briefly, slow w/o false starts, etc., very smooth, rooster crowing in the background – seems like there is a lot of rendered interaction between the suitor and the woman/her parents – Bockarie Jabba (?) gives occasionally feedback – very bad tape hiss and crackle – seems to be cut off before he has finished –may not be worth transcribing

Based on AT recording “25 Tommy Lahai love”
cassette recording, 4:40
