Provost Report

The Provost noted that Dean Davidson is scheduled on today's agenda to discuss establishment of a university assessment process. In our last accreditation, we cited plans for university assessment, and now we need to get the process in place in time for our fifth year review. It should be up and running for our next 10-year review. The Council of Academic Deans began discussion of departmental assessment during last quarter.

On 4 December, the Waseda University Deans Council approved their joint program with several Oregon schools, of which we are one. The Program will be housed at PSU.

D. Question Period

None

E. Reports from Officers of the Administration and Committees

WITHERS introduced and yielded to Martha Sloca Richards of the Collins Group, to discuss the study.

The Collins group is the largest consultant in the Northwest in this field. There are two steps to the study, 1) internal assessment, and 2) external study team. The internal assessment phase is already underway and will be completed soon. For this step, a team asks such questions as, is the university ready for a capital campaign, what areas need support, are systems in place to conduct the campaign. This team includes Jay Kenton, Jan Kurtz, David Johnson, Phyllis Edmundson, Donna Schaeffer, and Gary Withers. The second part expands the team to conduct an external study. The objective is to craft a "case statement," so the university is able to speak in the donors' language. The team will study five major areas:
leadership, urgency of the case, giving potential, organizational position, and climate/timing. The final report will be ready late March to early April.

Richards may be contacted at 274-9363 and msrtcg@aol.com.

In response to a question from the floor, RICHARDS responded that the first campaign may not include everything.

ZELICK asked if internal assessment could result in a negative conclusion. RICHARDS stated that it unlikely; however, six years ago the Collins Groups did a preliminary study which indicated at that time the infrastructure was not there. The expectation is that this time, it is in place, at least with mitigating factors. She noted she has yet to encounter a "show stopper."

2. University Curriculum Committee Annual Report

MOLANDER presented the report and solicited questions.

A. JOHNSON asked if the new approval process was working better. MOLANDER stated that based on his one year of experience it was working reasonably well, except for in the area of University Studies. JOHNSON also asked if there were plans to move the process to an "on-line" system. MOLANDER stated he didn't know of any.

The Presiding Officer accepted the report for Senate, and thanked the committee for their work this year.

3. Faculty Development Committee Semi-Annual Report

KETCHESON reported for Fuller, who was out of town. She noted that there is a new section in the RFP noting that participating faculty will be registered in the research database.

The Presiding Officer accepted the report for Senate.

4. University Assessment Team

DAVIDSON noted that a letter has been sent to every faculty describing this initiative, and requested the Senate nominate a representative to the team. She described how this project started three years ago when the Assessment Council worked on the framework. DAVIDSON described the project as based upon a
'faculty centered culture of assessment" and noted that it is being modeled after that at Eastern Michigan University. Faculty representatives are Nancy Perrin, CLAS and SYSC, William LePore, FPA, Eileen Brennan, SSW, Ken Peterson, ED, Walt Ellis, UPA, Martha Balshem, UnSt, Vasti Torres, OSA, and Ray Johnson, SBA.

The team has two goals: 1) to define what are the goals campus wide, and, 2) to act as a catalyst with the schools and colleges. The team will receive external research and administrative support from the Center for Academic Excellence.

KETCHESON continued the presentation, noting that OIRP will support the team with data and technology. Support from OIRP would include such items as development of instruments, and doing searches for current instruments.

A. JOHNSON/BULMAN MOVED the Senate delegate to the Senate Steering Committee the selection of the Senate Representative to the University Assessment Team.

THE MOTION PASSED by unanimous voice vote.

F. OLD BUSINESS

1. Constitutional Amendment, Art. IV, Sec. 4, 4) j. Graduate Council

COOPER, Advisory Council Chair, returned the Amendment to the Senate, directing the body to "F1" which includes a language substitution recommended by the Advisory Council.

BURNS/MANDAVILLE MOVED THE SENATE APPROVE the Constitutional Amendment with the language substitution recommended by Advisory Council("F1").

THE MOTION PASSED by unanimous voice vote.

2. Proposal for the Baccalaureate Degree(description)

WETZEL presented the recommendation of the Academic Requirements Committee, after F3.

MANDAVILLE/BULMAN MOVED THE SENATE APPROVE the description ("F2").
THE MOTION PASSED By unanimous voice vote.

3. **Proposal for the Bachelor of Arts Requirement**

A. JOHNSON/WOLLNER moved the proposed B.A. Requirement("F3").

WETZEL noted there are two changes since the proposal was presented in November 1998, in the Science Distribution requirement and in the FLL requirement.

MANDAVILLE stated it is not clear that only FLL courses in the native language are included. In response to a question by BARHAM, WETZEL stated that the foreign language requirement would be the equivalent to one year of coursework based on the new high school graduation requirement. This is more FLL than was included in the original proposal.

BULMAN stated there is no definition of what departments are included in the science requirement. O’CONNOR noted the degree proposal includes no Social Science distribution requirement. PATTON noted that distribution area are not listed at all. REARDON noted the distribution areas are currently listed in the Bulletin under general university requirements for all baccalaureate degrees.

BIOLSI asked if UnSt cluster courses with departmental prefixes would qualify. WETZEL responded, yes. BRENNER asked if courses could do double duty. The reply was yes.

DRISCOLL reminded the body that the 1997-98 Senate indicated the old distribution model would be used when they passed the new B.S. Requirement.

CEASE yielded the floor to Rita Robillard, Art Department Chair, who expresses concern that FPA would be guaranteed the resources to service the new requirement. CEASE stated that this was an issue for the Council of Academic Deans. AGRE-KIPPENHAN stated she wished to reiterate Robillard’s remarks. SYLVESTER stated he also had concern regarding funding, noting that FPA’s enrollment growth in the last five years has not been matched by increases in faculty, and their first commitment must be to majors.

A. JOHNSON noted the ARC is experiencing frustration with the Senate’s indecision over this proposal.
PARSHALL noted the wording in the FLL requirement could be refined.

MANDAVILLE/COOPER MOVED TO TABLE THE MOTION until the February Senate meeting.

THE MOTION PASSED by unanimous voice vote.

G. New Business

1. Ballot to Elect 3 Nominees from P.S.U. for membership on the State Board.

The election took place by secret ballot. Before the ballot, CEASE noted that Mary Kinnick has withdrawn. The three nominees elected are Craig Wollner, Roy Koch, and Sarah Andrews-Collier, in order of votes. CEASE notes the three names will be forwarded to the Naming Committee organized by the IFS, and that he is PSU's representative to the naming committee.

2. Graduate Council Course/Program Proposals

TERDAL introduced the proposals, and recommended the Senate approve them in three separate motions.

TERDAL/BURNS MOVED the Senate approve the M.S. in Systems Science.

TERDAL yielded to Nancy Perrin, SYSC Chair, to answer questions on this item. In response to a question from A.JOHNSON, PERRIN stated the degree includes a thesis or a comprehensive examination option. MANDAVILLE asked if this narrows the degree. PERRIN stated that, to the contrary, the thesis is to integrate material across the field, and there are several other degrees such as this at the university. TERDAL noted that this discussion occurred last year, and referenced minutes from the Senate meeting of 1 December 1998, (pp. 23-24). DRISCOLL expressed his concern that there is no exam with the thesis in several cases, for example in Geology. WAMSER asked if the orals would be narrow or across the field of knowledge. PERRIN responded that orals would be across the field.

KOCH asked about for an explanation of the first paragraph of the proposal, regarding the Graduate Council's conditional approval. TERDAL stated that Graduate Council added this condition to cover budgetary issue. EDER _______

A. JOHNSON/DRISCOLL MOVED to delete the first paragraph.
COOPER ______. SETTLE yielded to George Lendaris, who spoke in favor of the amendment.

THE MOTION TO AMEND PASSED by majority voice vote with one nay.

The Question was called.

THE MOTION PASSED by unanimous voice vote.

TERDAL/BULMAN MOVED the Senate approve the M.A.T. in Foreign Languages With Initial License Endorsement.

THE MOTION PASSED by unanimous voice vote.

TERDAL/BULMAN MOVED the Senate approve the CLAS course proposals and the change in the M.A./M.S. in Speech Communication, listed on page 2 of "G2.". MANDAVILLE questioned the use of the term, "culminating experience."

THE MOTION PASSED by unanimous voice vote.

3. **Certificate in Biotechnology**

DRISCOLL/BURNS MOVED THE SENATE APPROVE the undergraduate Certificate in Biotechnology.

THE MOTION PASSED by unanimous voice vote.

**H. ADJOURNMENT**

The Senate adjourned at 4:38 p.m.
QUESTION FOR PROVOST MICHAEL REARDON

We endorse the proposed BA requirements for a minimum of 4 of the 12 credits of the arts and letters academic distribution area be completed in the area of fine and performing arts. However we would like to pose a question to the administration concerning additional resources to meet the increased (though welcome) demand on the School. Most of the existing classes in the School that would meet this requirement have full enrollments with lengthy waiting lists. Is the administration willing to commit to provide the funds that would be needed by the increased demand for courses?

In each of the three academic distribution areas the total credits earned in the two departments must be a minimum of 16 credits. The general education requirement must be met by courses which are outside the student's major department and which are not on the general education exclusion list. A student majoring in a foreign language may use credits in a second language toward the arts and letters part of the general education requirement.

GENERAL EDUCATION REQUIREMENT EXCLUSION LIST

The following courses are excluded from meeting the general education requirement:
