Oregon State Highway Commission

Salem
January 21, 1935

Mr. L. G. Apperson
City Engineer
Portland, Oregon

Dear Sir:

Responding to your communication of January 19, relating to widening Front Avenue, I note that you request an expression from the Highway Commission with relation to the designation of Front Avenue and a diagonal from the Ross Island bridge to Southwest 14th Avenue as a federal aid route, to the end that future allocations of government money may be used for the improvement of these streets provided the right of way is furnished by the property owners in the city.

I have requested Mr. H. G. Smith to visit you and secure a map and tentative estimates of the cost of the proposed routes, and I will submit the matter before the Highway Commission at their regular meeting on January 31 at the Auditorium in the Public Service Building, Portland.

Very truly yours,

State Highway Engineer
