Ormond R. Bean,
Commissioner of Public Works,
City of Portland.

Dear Mr. Bean:

Pursuant to our conversation of today with reference to resurfacing of cobble stones on Front Avenue west of the market I trust that you will be able to inspect and provide for this work as soon as possible as we wish to renew the traffic lanes across Front Avenue and it is useless to do so until some sort of surface is provided which will hold the lacquer more than three or four days. The pedestrian lanes on this street are in such condition as to create considerable hazard and should be remedied without delay.

Thanking you for your cooperation, I am

Sincerely yours

General Manager
